## HEADS SMASHED

### By Police in Breaking up Polish Wedding

Officer Ambrose Creamer, one of the huskiest propositions on the police force, butted into a Polish wedding in William street, late Saturday night, and broke it up. Incidentally he broke several heads, several fingers, tore a woman's dress and received a broken finger himself.

In court this morning two Poles were charged with drunkenness and assault on an officer and two with plain drunkenness. The Polish people of the city are up in arms over the fracas and propose to fight the case to a finish. They have retained Lawyer Joseph Laughran and the case will come up for trial on Saturday next. Lawyer Laughran and the case will come up for trial on Saturday next. Lawyer Laughran and the case will come up for trial on Saturday next.

manipulate his club and broke several heads after which the guests became rather strenuous with him. As soon as things began to come his way Officer Creamer promptly drew his revolver and it is said discharged it within the narrow confines of a room in a William street tenement, a most risky experiment unless one is seeking to hit some one. Then he blew his police whistle and blew several lusty blasts which attracted a whole regiment of police to the scene.

Officer Bagley, a new member, and therefore all the more enthusiastically, was one of the first to arrive and according to the statements of Jacob Cieski and his wife, Colina, Officer Bagley got down to business before he got inside the house. Cieski claims that he and his wife were outside the house, in William street, and upon hearing the rumpus within and seeing Bagley about to enter asked him what was wrong. Bagley, they claimed, replied by cracking the husband over the head and striking the wife with his fist in the face. In the mix-up that followed Mrs. Cieski had her clothes torn and was choked, she claims, by the police. When all the police got to Officer Creamer's assistance, they made but four arrests. Two of them were Mr. and Mrs. Cieski, who got their share of the sidewalk. They were charged with drunkenness and pleaded not guilty. The other two who appeared in court were Stanislaus Nowoski, who appeared with a cracked skull and a broken finger, and pleaded not guilty to the charge of drunkenness and assault on an officer. Frank Urbanek, who also had a broken finger and a cracked scalp, pleaded not guilty to the charge of drunkenness and assault on an officer. Urbanek also claims that while he was standing handcuffed in the police station and totally unable to defend himself, he asked an officer why he was arrested and received a blow in the face for his trouble.

The cases were continued until Saturday and all the defendants found bail. They claim that among the guests at the wedding were some of the best Polish citizens and that the interference of the police was entirely uncalled for. The entire Polish colony is making over the action of the police and claim they will sue the officers for unprovoked assault.

#### SERIOUS FALL

RICHARD VOGAL FELL FROM LADDER.

Richard Vogel, employed at the Lawrence mills, while working on some machinery this morning fell from a ladder and sustained several injuries. The ambulance was summoned and he was removed to the Lowell hospital where upon examination it was found that his condition is serious. He resides at 119 Hildreth street.

#### GEORGE MERRITT HURT.

George Merritt of 54 Marlborough street while riding a bicycle near the corner of Pine and Westford streets this morning met with a painful accident. A dog ran across the street in front of him and before Merritt could turn out the dog struck the wheel and Merritt was thrown to the ground.

He sustained a cut under the ear and was soiled with a hemorrhage. The ambulance was summoned and he was removed to the Lowell hospital.

## HENRY M. WHITNEY

### The Man for Standard Bearer of the Democracy

#### The Convention Should Tender Him the Nomination as He Alone Can Turn Impending Defeat to Victory Under the Present Embarrassing Conditions

NOW IS THE TIME WHEN ALL GOOD DEMOCRATS SHOULD PUT FACTIONAL DIFFERENCE ASIDE AND ACCEPT THE GOLDEN OPPORTUNITY OFFERED TO ELECT A DEMOCRATIC GOVERNOR OF MASSACHUSETTS. THE QUESTION NOW STANDING PROMINENTLY BEFORE THE DEMOCRACY IS, SHALL THE DEMOCRATIC PARTY SOLVE THE PRESENT DIFFICULTY IN REGARD TO GOVERNOR OR SHALL IT SURRENDER TO AN INSIGNIFICANT FACTION?

THE DEMOCRATIC PRESS OF THE STATE HAS URGED THE CAUSE OF DEMOCRACY LOYALLY AGAINST GREAT ODDS IN THE PAST AND NOW WHEN VICTORY IS WITHIN THE GRASP OF THE PARTY THE PRESS MAY WELL ASK, WHY ALLOW TACTICAL BLUNDERS TO NULLIFY THE CHANCES OF SUCCESS?

We have no personal acquaintance with the candidate whom we would suggest to the democracy as the one man who can win but the fight he made and the vote he received have shown the party that there is but one way to win and that is by the nomination of Hon. Henry M. Whitney.

Mr. Whitney at one time had expressed his willingness to be a candidate but through some unforeseen cause he was compelled to retire. The Sun calls upon the leaders and the democratic press that has made the party what it is, not to take a backward step and lose the confidence of the people but to come forth and in an uncertain terms insist upon Mr. Whitney accepting the nomination and to make such a unanimous demand that he will listen and accept. There is no man in this generation who has done more to build up Massachusetts than Mr. Whitney and he has always shown a great interest in public affairs. He is a man who creates and builds up. That is the kind of man the democracy should honor and the people would elect. We believe that Mr. Whitney would listen to the demands of the party and we feel that a man who has shown such interest in the affairs of state would rise to the occasion if he should be persuaded to accept the nomination. Our interest is to serve the public and the democratic party and we know of no better way than by showing the people of the state, especially the democrats, the situation as it ought to be and the deplorable condition that exists at present.

The Sun, since its establishment, with the other democratic papers has been advocating the cause of democracy and at present sees no solution of the present difficulty except through the nomination of Henry M. Whitney. Two years ago we elected the Hon. William E. Douglas. Last year in one

of the best contests ever known Hon. Henry M. Whitney came within 1500 votes of being elected lieutenant governor. We believe now as we believed then that had he been at the head of the ticket he could have been elected. It is admitted on all sides that the administration of Governor Guild has been one of the weakest and has been a great disappointment to the republican leaders. The republican party, perhaps made careless by repeated successes has arrived at that stage where it has not been selecting its ablest men as candidates.

Shall the democrats help their opponents out of the hole they find themselves in by allowing them to dictate the nomination and by nominating the candidate that they hope we will win? The democratic party is fast winning the confidence of the people of the state and now has an opportunity that it should not let pass by following in the path of the republican leaders and nominating small men for large places. There are thousands of republicans in this state who are looking to the democratic leaders to nominate a man who can become a real leader in public affairs.

Mr. Whitney stands today among the greatest leaders of industry the United States has ever known, a man who has an international reputation and we as one of the democratic press ask Ex-Governor Douglas, Hon. Josiah Quincy, Hon. William E. Gaston, Hon. John A. Sullivan, Hon. Charles M. Hanlin and all the other leaders who have received the support of the entire democracy and who have been honored by their party in the past to unite and insist upon the nomination of the man who can be elected governor of Massachusetts, the Hon. Henry M. Whitney.

Judging from his past record, his light of last year and his deep interest in the issues involved, we believe that Mr. Whitney is not the man to turn a deaf ear

## FRANK B. DOW ILL

### Can't Appear in Court -- Case Put Over Until Dec. 10

The case of Frank B. Dow, injured black and white, the officials of the Harvard University were this morning called in the Superior court in East Cambridge and continued until December 10th, at the next term of the court on account of the serious illness of Frank B. Dow, who is suffering with an intestinal trouble, at his home in this city.

That while the case has been continued the 25 or 30 witnesses expected to appear must go down to Cambridge tomorrow for their appearance on that date.

The case was set down for this morning at the request of Attorney Pratt for Mr. Dow and Harburt for the Harvard University. Judge Bull entertained their motion for a continuance this morning at the opening of court.

Medical Examiners Irish of Lowell, Dutton of Somerville and Swan of Cambridge, were put on the witness stand and they testified that they examined Mr. Dow at his home in Lowell yesterday and found him to be suffering from an intestinal trouble, with symptoms of a serious nature. They found his heart weak, his pulse bad, a feeble condition and lower trouble and they testified that he could not possibly appear in court for at least a

week, and probably not for a longer period. The counsel for the defendant then asked that the case go over until the next term.

The district attorney in asking for a continuance of one week objected to the case going over until next term on the ground that the longer the case was delayed the more the government's case was weakened.

Judge Bull declined to grant a continuance for so short a period and the district attorney then asked that a special assignment be made for the trial of the case between now and the December term, claiming that the government's case would be best served by a speedy trial. The court stated that a case by the chief justice and informed the district attorney that in order to get such an assignment he must make application of the chief justice. District attorney then decided not to press the matter and the court set the date of the trial at December 10th.

The court then moved and the case was continued until December 10th.

A comb and a mirror, the property of Marshall E. Smith of Butterfield street, Mr. Smith testified that about two weeks ago defendant, representing himself as John Donahue, and employed at Hanson's stables in Rock street, engaged a room at his house on Butterfield street. The room adjoining that assigned to defendant contained the missing articles. Defendant left some hours later and the articles mentioned were missed. The owner notified the police and immediately it was found that defendant never worked for Mr. Hanson. The court held defendant in \$200 bail tomorrow morning for further examination.

#### FINED IN POLICE COURT

This Morning

The lineup in police court this morning was unusually large. All nation- alities were represented and some of the names called were sufficiently long to make any man pray for the day when phonetic spelling will be used in the courts.

John Murphy, Frank Petrovski and John Chizler were fined \$2 each for drunkenness. Joseph Mello paid \$3 for a good size jag. Joseph Langton, Edward Collins, Wm. P. Collins and John Wilson were in court on charges of drunkenness and were fined \$2 each. Thomas McLaughlin went to jail for three months for his fourth offense within a year.

Wm. J. Flynn hailed from Nashua and got drunk. He wanted to be allowed to return to Nashua where he said he could get work on the railroad. Judge Hadley was inclined to be merciful and held defendant in \$1 for a week.

J. P. Gallagher pleaded guilty to a drunkenness charge and a charge of assault and battery on Mr. Stien, the Middlesex street clothes. He was fined \$10 on the assault case and the drunkenness charge was placed on file.

Thomas Dider and John Bennett, both Sunday drunks, were fined \$5 each.

#### CHARGE OF TRESPASS.

William Marokofski and Peter Carpentz were charged with trespassing on the Wyman estate on Main street.

Edward P. Shaw, who is in charge of the estate, testified that defendant picked some apples there. The case is postponed in court and notices are posted warning against trespassing.

Defendants stated that they are only six weeks from Europe and were ignorant of the laws of this country. They could not read the signs but seeing some parties there thought they, too, would be welcome. The court fined them \$12 each.

#### FOR ALLEGED LARCENY.

George E. Stone was charged with the larceny of a ring valued at \$3.50.

## FINE HOME FOR SALE

On Centralville Heights

### At a Great Bargain

The undersigned, being about to move to his new residence in Belvidere, offers his present home at 119 Fremont street, for sale. The premises consist of a large two and one-half story house with a fine stable on a nicely graded and stone curbed double lot of land containing 11,000 square feet. The house is in first-class condition throughout. It has twelve good rooms besides an attic room, pantry and modern bath room. The plumbing is modern and first class in every particular. The steam heating plant consists of a fine steel boiler, set in brick with ten radiators, piped in the best possible manner. Cellar bottom cemented and sub-drained. Walks and driveway concreted and lot front curbed with granite.

The stable is one of the finest on the hill. The carriage house is concreted and drained into the street sewer. There are three stalls (one a box stall) fine harness room and a finished room for a hostler, together with all the facilities necessary for a high grade stable. The location is slightly, airy and healthy and the street cars are within one minute's walk of the house. There are several nice fruit and shade trees and an excellent lawn.

To build such a home today with the prevailing price of labor and material would cost nearly double the sum for which I am willing to sell. Further particulars will be cheerfully given to anyone desirous of buying such a residence.

# PEACE IN CUBA

## Depends on a Protectorate Says Prominent Cuban

HAVANA, Sept. 15.—EDUARDO CHIBAS, A PROMINENT RESIDENT OF SANTIAGO, SAID TO THE ASSOCIATED PRESS TODAY: "THE ENTIRE PROVINCE OF SANTIAGO WILL BURST INTO REVOLT UNLESS THE UNITED STATES INTERVENES IMMEDIATELY. THERE MUST BE A PROTECTORATE OR THERE WILL BE NO PERMANENT PEACE IN CUBA."

### U. S. MARINES

HAVE BEEN LANDED AT CIENFUEGOS

WASHINGTON, Sept. 15.—"Later today another despatch was received from Commander Fulham of the Marietta, stating that a force had been landed from that ship at Cienfuegos to protect sugar plantations, which were threatened. A telegram also was received at the state department today from Mr. Atkins, one of the owners of the Constancia estate near Cienfuegos, in which he says he received a cablegram from Cienfuegos today announcing that insurgents raided the Constancia estate yesterday, taking horses, and that the Marietta's forces had camped in Cienfuegos last night. He says his information does not confirm press despatches as to the destruction of sugar plantations.

From despatches received today from Mr. Sleeper, charge of the American legation at Havana, it appears that the extent of damage to American property near Cienfuegos had been exaggerated. Mr. Sleeper says he had received a contradiction of the report that the Marietta estate had been destroyed, and thus far, he says, he has not been able to confirm the report that the Constancia estate buildings have been burned. Other advices received at the state department are to the effect that the buildings on the Marietta estate were not burned by the insurgents and it is said the report probably arose from the fact that the railway station near that estate had been destroyed. A despatch was received today from American Consul Holaday at Santiago de Cuba saying that so far as he has been able to learn there has been no actual warfare in Santiago. It is reported 500 men are under arms.

### GOVERNMENT FORCES WON.

HAVANA, Sept. 15.—Government

forces have won a victory over the rebels at a point close to Havana. Gen. Rodriguez, with four hundred rural guardsmen, attacked the rebels under Gen. Delgado, who had four hundred men, at the castle and Colonels Ascher and Acosta, who were at the castle. The rebels were killed and wounded. Of the guardsmen, one was killed and thirteen were wounded. Rodriguez returned to Havana this morning. There is considerable speculation as to why the enemy was not pursued.

### HEAVY FIGHTING REPORTED

HAVANA, Sept. 15.—Heavy fighting is reported near El Caimo, ten miles southwest of Havana. No details have yet been received.

### BRIDGES DESTROYED

HAVANA, Sept. 15.—A force of rebels yesterday destroyed two stone bridges over a highway near Calabazas. The commander of the Constancia, a guard vessel, has been arrested for refusing to allow ammunition for the revolutionists to be landed near Calabazas.

### ANOTHER CLASH

GOVERNMENT AND INSURGENTS CLAIM VICTORY.

HAVANA, Sept. 15.—Gen. Rodriguez with a force of a thousand men encountered Generals Castillo and Ascher with forces of about the same number last night near Wajay. The government claims the insurgents were dispersed while rebel and other accounts say the government forces were driven back and retreated.

Gen. Rodriguez returned to Havana during the night and his troops are encamped a short distance outside the city. The government lost three killed and several wounded. The insurgent

BOSTON, Sept. 15.—John J. Sullivan, James J. Sullivan and John W. Sullivan, three of the four men indicted by the United States grand jury in connection with the alleged nationalization frauds in this city, appeared in United States District Attorney French today. When their cases were called yesterday they were defaulted. They were held in \$2000 each for the United States district court. They stated that they had left their homes yesterday before the notices requiring them to appear to answer to the indictments were delivered. They will be called upon to plead on Tuesday next.

### FOUND DEAD

RETIRED BUSINESS MAN COMMITTED SUICIDE.

NEW YORK, Sept. 15.—August V. Blumstein, a retired business man, who had been living in the Murray Hill hotel for five or six years, was found dead in his room at 2 o'clock yesterday afternoon. He had shot himself through the head. He left a note for the coroner explaining that he suffered from stomach trouble. He left another note addressed to Edward Blumstein, 29 West Twentieth street, his brother, asking him to take charge of his effects.

Coroner Aetna believes that the man had been dead for nearly twenty-four hours before he was found. He was last seen on Thursday evening at 6 o'clock in the office of the hotel. A little over two hours after the suicide was discovered, the coroner's office called up the Tenderloin police station and asked that a man be sent to the Murray Hill hotel to get the coroner, as he was wanted on another case.

"We have been trying to get him on the wire, but the hotel people won't get him for us," said the man downstairs. "This is no message office," said the sergeant. "What is the coroner doing there?" "Who, don't you know? There's a rule, didn't you? Happened two hours ago," said the sergeant. "What is the coroner doing there?"

### A RECEIVER

ASKED FOR BAY STATE CORP. RECEIPT.

BOSTON, Sept. 15.—Receiver Albert S. Apsey of the First National bank of Chelsea brought a bill in the superior court today against the Bay State Cordage Co., which has a plant at Newburyport, asking for the appointment of a receiver for the company. An order of notice has been issued returning the case next Monday.

The company's liabilities, according to the bill, aggregate \$100,000. The bill alleges that the company is indebted to the receiver of the bank for \$25,000 on promissory notes and the further sum of \$115,000 being the aggregate liabilities as maker on drafts drawn by it on Hinkley Brothers & Co., accepted by the latter and discounted by the bank. It is alleged that the defendant is indebted to the Metropolitan National bank of Boston for \$27,000 on commercial paper, to the Blackstone Canal National bank of Providence for \$10,000 and to various other and smaller creditors for the aggregate amount of \$90,000.

### FIRST CARGO

5000 POUNDS OF FLITCHED HALL BUT REACHED GLOUCESTER.

GLOUCESTER, Mass., Sept. 15.—The first cargo of flitched hall of the season was brought into port today by the schooner Oregon, which brought in 50,000 lbs. from Labrador waters. The Oregon reports that she sighted the Boston schooner Massachusetts on the fishing grounds. The Massachusetts reported having been caught in a severe storm which blew her far from her fishing grounds and caused her to lose nearly all her gear. At the time the Massachusetts was sighted she was making for Newfoundland for repairs. The Rockport schooner Eddie Minor arrived today badly damaged by yesterday's severe blow.

### GERTRUDE KNIGHT

IS IN A STATE OF COLLAPSE.

PHILADELPHIA, Sept. 15.—Gertrude T. Knight of Philadelphia, the young woman wanted in connection with the case of W. W. Turner, is at police headquarters in a state of collapse. Superintendent of Police Itegan visited her today and questioned her concerning the case and later stated that she had admitted to him that an operation had been performed on her and that she was willing to testify in the case. Miss Knight's brother arrived here today.

### PROMOTIONS

FOR GENERAL McARTHUR AND LEE AND CAPT. PERSHING.

WASHINGTON, Sept. 15.—By direction of the president, commissions have been prepared for Major General McArthur to be lieutenant general of the army, Brig. Gen. Jesse M. Lee, as major general and Captain John J. Pershing as brigadier general. These promotions are made to fill vacancies created by the retirement of Lieut. Gen. Curtis, General J. Franklin Bell, who is the senior brigadier general, waived the promotion to the higher grade, in order to give Gen. Lee an opportunity to reach it before he retired. Gen. McArthur is now commanding the division of the Pacific and will continue in that position.

### DECORATIVE ART EXHIBIT.

MILAN, Sept. 15.—The king and queen of Italy today inaugurated the new exhibit of decorative art in the international exposition. This is the section which was burned in August and the exhibits have been replaced. An international jury for the entire exposition has been organized. The United States is represented by Dr. William Howe Tullman of New York, his wife, the only woman honored, and J. E. Dunning, the American consul here.

### SCHOONER FLOATED.

VINEYARD HAVEN, Sept. 15.—The British schooner Sadie O. Holmes, from Nova Scotia for New Bedford with lumber, was floated from the shoals on the west side of this harbor today by the United States survey steamer Explorer. The Holmes was attempting to enter the harbor about midnight last night when she struck. She was apparently uninjured.

NEW YORK, Sept. 15.—The wife of an Erie Railroad porter, who murdered her daughter, died at her home, 118 Park Avenue, yesterday, in a fit of insanity. The child's death was a result of the four-day beating, sustaining injuries from which she died two hours later at St. Francis hospital.

Shortly before 10 o'clock men working on the Erie Railroad tracks, to the north of Park Avenue, saw a woman with her hands and feet bound together in the roof of a car. The woman, who is known to the police as "The Girl," was found in the tracks of the Erie Railroad, which run along the horse, causing a commotion among police, firemen and firemen. Her arms were crushed in and her head bled and lacerated. Before the woman was sent to the hospital, policemen found the body of her small daughter lying in the car with her throat cut from ear to ear. They found a bloodstained towel between the mother and her body.

Mrs. Anthony expected to become a mother and had been acting queerly of late, spending much time in her rooms weeping.

She died in the hospital without regaining consciousness.

### BROKER HELD

Swindle of \$5000 is Charged

NEW YORK, Sept. 15.—Thomas McNelly, 49 years old, who lives at the Hotel Yale, 2125 Eighth avenue, and says he is a broker, was arrested at Fourth street and Broadway last night on complaint of H. C. Elder, manager of the local branch of a Baltimore whiskey firm at 61 Broadway. McNelly is charged with assisting in the swindle of \$5000 worth of stock.

Elder has been looking for him for a month, and when he met him on the street last night he held him until he could call Policemen Maher and Kelly of the Tenderloin station house. He showed them the card of Detective Sergeant Barney McConnelly of District Attorney Jerome's office, on which was a note asking any policeman to arrest McNelly on sight.

Elder declared that McNelly worked the old credit game on him by referring him to a firm of alleged bankers who asked him that if McNelly was worth at least \$15,000, he delivered a big bill of goods to McNelly in a store at 115th street and Eighth avenue, he said, and when the time came for payment the store had disappeared. Other arrests are likely to follow.

When McNelly was taken to a club in the name of William Mizner, who married Mrs. Yerkes, was found in his pocket.

### KILLED HIS WIFE

Woman Decided to Leave Husband

NEW YORK, Sept. 15.—Mrs. Mary Laeske, a Bohemian elgarmaker, was shot and killed by her husband in their flat on the third floor rear of the tenement at 124 East Seventy-fourth street last night.

The couple, each thirty-five, had been married about four years, and had two young children. The woman and a girl twelve years old by a former husband. They had been quarrelling all week, and three times the woman left her home to seek refuge with her sister, Mrs. John Kusch, who lives at 572 East Seventy-third street. Friday Michael, the husband, kicked his wife out again, but last night she returned, determined to get her children, take her trunk and make her home with her sister.

She found two of the children playing on the street, and accompanied by her sister's husband, went upstairs for the third one. The brother-in-law stood outside her door while she went inside. The husband was there, a few feet away, and when she opened the door, he shot her. The mother came staggering out into the hall with blood pouring from a hole in her left breast. At the same time the child, who had been asleep, woke up at the shot and began to scream.

The husband, pursuing the dying woman, ran into the brother-in-law, 19, who called Michael and shot at the other, but missed, and got so badly beaten over the head that he was afterwards lodged in Bellevue with six scalp wounds.

### BIG LOAN

SEVEN MILLION DOLLARS.

GUAYAQUIL, Ecuador, Sept. 15.—The government of Ecuador has signed an undertaking for a loan of \$7,500,000 payable in bonds in fifty years with interest at 5 per cent. The "French finance corporation of America" of Paris and New York.

### DECLARED A DIVIDEND.

NEW YORK, Sept. 15.—It was announced here today that the Chicago and Rock Island railroad has declared a dividend of 2 per cent. on its stock.

### DROPPED DEAD

MAN SNEEZED VIOLENTLY AND EXPIRED.

NEW YORK, Sept. 15.—Charles Pfeiffer, a grocer of 67 Park street, West New York, N. J., sneezed violently yesterday while delivering goods in that city and fell to the ground dead. It was believed that cerebral hemorrhage was caused by the severe sneeze. Pfeiffer was 33 years old.

### TO GREET BRYAN

REPUBLICAN CLUB TO TAKE PART IN RECEPTION.

NEW ORLEANS, Sept. 15.—A feature of the reception planned for William J. Bryan here Sept. 24 is that the Louisiana republican club will take an active part. An attempt will be made to make the reception entirely non-partisan.

OSWEGO, N. Y., Sept. 15.—A point of contention at which New York state politics was the subject of discussion took place at Oswego Hill today. President Roosevelt was the host, and Representative James H. Sherman, chairman of the republican congressional committee, Thursday. Woodruff, former lieutenant governor and Albert Shaw were guests.

It is understood that Mr. Woodruff was present in order that he might receive the benefit of President Roosevelt's influence in his fight against the state chairman, H. H. Hild in Oswego. Mr. Woodruff said that he had been invited to the dinner by the governor, but that his understanding was that the governor was not desirous of entertaining the dinner.

Mr. Sherman said that he did not know exactly why he was called to Oswego Hill at this time. Acting Secretary of State Bacon went to his Long Island home in his automobile last night and returned to Oswego Hill today. He received communications from Washington at the executive offices. He said there was news touching the Cuban situation today and that it was his intention to proceed to Washington this afternoon.

### STATE POLICE

INVESTIGATING DEATH OF MRS. MOORE.

HAIRTRIE, Mass., Sept. 15.—The state police continued their investigation today of the death of Mrs. Bertha M. Moore, who was drowned in a pool of water in Sunset pond on September 10th. Hiram S. Moore, the woman's husband, who was in a canoe with his wife, just previous to her death, was more than 100 feet from the shore when Mrs. Moore's death. The state police declare that they are not prepared to say that there was any evidence of foul play in Mrs. Moore's death but they desire to learn all the facts in that connection before bringing the case to an official close.

### SCHOONER HUNT

OVERDUE BOAT RIGHTED BY CAPTAIN MAILMAN.

NORTH SYDNEY, C. B., Sept. 15.—A vessel which Captain Mailman of the schooner C. W. Mills believes was the four-masted schooner Edwin H. Hunt, three weeks overdue from Boston for a cargo of lumber, was sighted by the Mills on Wednesday last, also running under bare poles. The following day the vessel was sighted again, under reduced sail and heading for the Cape Horn coast. The Mills arrived today from Madeira. Much anxiety has been felt according to the Hunt, which is owned in Bath, Me., and which it is believed, was blown far out of her course by the recent gales.

### GONE TO FEZ.

TANGIER, Morocco, Sept. 15.—The American minister, headed by Minister Gunmore, who is accompanied by Commander J. C. Brown, American naval attaché at Paris, and Captain William H. Gulgard, the military attaché, left today for Fez.

Mr. Gunmore is the first American minister to visit the court at Fez. It is significant that the minister's chief, sent presents to the sultan's camp, where the embassy will spend the night.

### MUELLER LAW

Dismissed for Want of Equity

CHICAGO, Sept. 15.—Judge Windes in the circuit court today dismissed for want of equity, the proceedings against the constitutionality of the Mueller law, under which the city of Chicago was to require and operate the street railways. He did not pass upon the constitutionality of the act itself.

Regarding the alleged constitutionality of the Mueller law, the court declared that while there may be in some points a doubt as to the intent of the legislature he believed the doubt should favor that which appeared to be the intention of the legislature in enacting the measure. The case will now be appealed to the state supreme court which will take it under advisement next month.

### SHEEPSHEAD RACE

### SECY SHAW

TO SUSPEND PROCEEDINGS IN SELECTION OF STORES.

BOSTON, Sept. 15.—Senator Lodge announced today that President Roosevelt has requested Secretary of the Treasury Shaw to suspend proceedings in connection with the selection of stores for the United States appraisers. The merchants of Boston are opposed to the site already selected by Secretary Shaw and called upon Senator Lodge to do everything possible to secure a more available location for the proposed building.

WASHINGTON, Sept. 15.—The General Edmund J. White, commanding the department of the Missouri has reported to the war department that in his opinion the eastern should be restored to army posts. He says: "The demoralizing influence of the recent surrounding posts cannot be too strongly emphasized, giving place to it, to a large proportion of the most serious evils and practically all these, with penitentiary confinements, a condition changeable in a great measure in the opinion of the judge advocate, the prohibition placed upon the post."

### MANSLAUGHTER

Indictments Returned Against Two Brothers

BRIDGEPORT, Sept. 15.—Indictments for manslaughter were returned by the New York county grand jury today against the two brothers, Charles and Caroline, brothers of Newton Upper Merley for the alleged killing of Angela Neva at Newburgh on May 29. They were also indicted for assault on Neva's two sons. The trouble occurred during a quarrel over a game of cards. Both pleaded not guilty and they were held in \$2000 each for trial.

### ANARCHISTS

WERE PLACED UNDER ARREST AT MAINEVILLE.

MAINEVILLE, Sept. 15.—30x Italian and Spanish anarchists who had recently arrived from Montpellier and Barcelona were arrested here today. It is supposed they intended an outrage on President Fallières who arrived here today to visit the Maxwell colonial expedition. He was given an enthusiastic reception. Great preparations had been taken for his protection and excepting these arrests there was no untoward incident.

### THE POLICE

ARRESTED 11 REVOLUTIONISTS AT PETERHOF.

ST. PETERSBURG, Sept. 15.—The police have arrested 11 revolutionists in Peterhof, including several students. The fact that one of the prisoners was a court lawyer gave rise to a rumor that a plot against the emperor had been discovered, but there is no definite information to this end.

# PALMA FOR PEACE

## Cuban President Orders Hostilities Suspended

HAVANA, Sept. 17.—The government last evening was making final strenuous efforts to restore peace in Cuba and thus avoid any kind of American intervention. The object of these endeavors, it is stated, is that it may be able to say by the time Secretary of War Taft and Acting Secretary of State Bacon arrive that peace already has been secured and that therefore there is no need for the American government's intervention, either to restore peace or to insure permanent tranquility.

Members of the government said last night that they are making the efforts in accordance with the advice contained in President Roosevelt's letter, that they have no objection to the friendly assistance of the United States in the matter if it becomes necessary, but that they believe they can settle it between the government and the revolutionists without the necessity of any intervention.

At least, they say, they are making an attempt to accomplish this end, and with fair prospects of success.

This is the latest phase of a rapidly changing situation that developed late yesterday afternoon, when an extraordinary gazette was issued containing this decree signed by Pres. Palma on the recommendation of Secretary of Public Works Montalvo:

"All campaign operations are suspended, and in consequence the government forces will act only on the defensive throughout the republic. The secretary of the interior will issue all necessary orders for the execution of this decree."

### PEACE OVERTURES.

The decree caused great surprise, as it was believed to signify a change of heart by the government officials who, for the past two days have been strongly against taking up peace overtures with the emissaries of the revolutionists. It was learned that yesterday's action had its beginning in Gen. Moncalvo's renewed effort in visiting Secretary Montalvo and urging him to make the strongest possible endeavor to induce President Palma to comply with President Roosevelt's advice and avoid the consequences of intervention.

### HURRY TO CUBA

#### SECRETARIES TAFT AND BACON

##### START ON JOURNEY.

WASHINGTON, Sept. 17.—Sec. Taft and Asst. Sec. Bacon, accompanied by private secretaries and interpreters, left at 3:30 yesterday afternoon for Tampa, where a government vessel will meet them and take them to Havana.

## SURGING CROWD FILLS THE SQUARE

### SCENE UNPARALLELED IN LOWELL LAST SATURDAY

#### Opening of Bell Co. Sale. "Retiring From Business Forever" the Cause

"Almost boggars description" is a trite saying, but certainly it applies to the scene in Merrimack square Saturday at the opening of the "Bell Co's retire from business forever" sale Saturday. Especially was this so at night when M. J. Quinn, the electrician, threw on the lights and displayed the enormous sign made by Kimball. Mr. Quinn says the electrical display this week will astonish Lowell people.

All day long the store was thronged. At times the army of salespeople seemed likely to be routed by the charging hosts of customers eager to obtain a share of the fifty thousand dollars of high grade merchandise offered at 40 cents on the dollar. All day long the warfare continued until the doors were closed and the last of the good natured crowd retired with his spoils.

The entirely new fall and winter stock—mostly made expressly for the Bell Co.—is included in this sale. These goods go on sale Monday and Tuesday—remember this is the greatest sacrifice of high grade clothing, hats, furnishings and shoes ever held in Lowell.

Men's \$5, \$6 and \$7 suits, sizes 33 to 37, go at \$2.50. Men's handsome business suits in black and fancy mixtures, that belong in the \$8, \$10 or \$12 class, go at \$4.00. Men's suits in cashmere, tweeds, black or blue chevrons, usually sold at \$12, \$16 or \$18, go at \$7.50. Men's suits that sell usually at \$15 to \$20, double or single breasted, in black or blue chevrons, fancy worsteds or tweeds, go at \$9.50. Fine full-or-made suits in fancy worsteds and tweeds, black unfinished worsted or black Thibet cloth regularly selling at

\$15 to \$25 go at \$11.50. Men's trousers, tailor-made, latest styles and patterns, worth \$4, \$5 or \$6, go at \$2.50. Men's \$2.50, \$3 and \$3.50 trousers go at \$1.50. Men's working trousers, selling at \$1.50 and \$2.00, black or colors, go at 90c. Young men's suits that were \$4, \$5 and \$6, sizes 14 to 19, go at \$1.50. Boys' \$1.50 and \$2 suits at 90c. Boys' \$3, \$4 and \$5 suits, sizes 3 to 7 (junior and seniors), and 8 to 16 (double breasted), go at \$1.50. Boys' knee trousers go at 14c, 24c and 40c; worn 25c to 31c. Men's \$5, \$10 and \$12 fall overcoats go at \$4.50, light or dark colors. Men's winter overcoats—hundreds of "new" latest styles and fabrics—worth \$10 to \$25, go at \$3.50, \$5.00, \$7.50 and \$9.50—better pick yours out at once. Men's furnishings—50c and 75c shirts and drawers, in Jersey rib, blue or flesh color and fleece lined, go at 39c. Heavy Cottonsack A shirts and drawers, \$1.50 grade, at 90c. 25c hose, black, tan or fancy, go at 9c. Natural wool and camel's hair hose, 25c grade, at 12c. Necktie shirts, 65c and 75c grade, all new patterns, go at 45c. Necktie shirts, \$1.50 grade, immense variety, at 85c. Handkerchiefs, 10c kind, 3c; 25c suspenders, 10c. Neckwear, all the newest, all the latest, some that were 25c, 35c and 50c, at 19c.

Without question the greatest opportunity ever offered the people of Lowell to buy guaranteed merchandise at less than cost of production. Electrical display begins at 7 p.m. See it. Store open till 9:30 Monday.

See Taft had little to say publicly in addition to what he said Saturday night. He made it plain enough that his first endeavor will be to bring about a truce so that both sides shall agree to a cessation of hostilities while he is trying to arrange a permanent peace.

He made it also plain that if a truce is agreed on there will be no resumption of hostilities unless the United States takes a hand. In a word, if the Cubans will not listen to reason and will not heed the president's advice but insist upon fighting, then they will have all the right they want because they will have to fight the United States.

Now will the Cubans listen to a very long time in which to make up their minds? See Taft will not try to rush them. He will permit them to have a reasonable time for deliberation, but once he is convinced that they have no serious intention to accept the president's counsel, he will terminate his mission and the next move will be with the army and navy.

The outcome of Sec. Taft's mission, it is believed, for persons in Washington last qualified to form an opinion, will be the holding of a new election under the supervision of the United States. Even friends of the Cubans admit that the last election was a farce, and that there was enough fraud in connection with it to justify the assertion of the liberals that the case in which Palma was declared elected did not represent an honest expression of opinion of a majority of the voters of Cuba.

If the demand is made to Sec. Taft for a new election to be held under the supervision of the United States, and it is backed up by a sufficiently large number of reputable persons, it is not seen here how Palma can refuse to acquiesce in the demand. To refuse would be to admit that he holds his seat by fraud and is afraid to let people's sentiment.

That would lose him whatever little support this government may now feel disposed to give him, and would make the United States an active supporter of the rebel cause. It has already been explained that the administration has none too high an opinion of Palma.

### REGISTRATION

#### ALL RECORDS BROKEN SATURDAY.

All registration records were broken Saturday, both for the day and for the week. Saturday 192 names were added to the list while during the four days, Wednesday, Thursday, Friday and Saturday 218 people appeared before the registrars and were given the privilege of voting at the primaries and elections.

The registration for the four days was as follows: Wednesday, 150; Thursday, 177; Friday, 187; Saturday, 394; total, 918.

The Saturday registration by wards was as follows: Ward one, 51; ward two, 87; ward three, 25; ward four, 35; ward five, 36; ward six, 54; ward seven, 27; ward eight, 19; ward nine, 81. Taking the four days, the heaviest registration is in wards two, nine and six. In the order named, ward two leading ward nine by 35. In spite of the Tecksbury annex influx, which it would seem, was not as large in the ward nine proportion as it should be. Here is the total for the four days by wards in the order of increase: Ward two, 199; ward nine, 164; ward six, 161; ward three, 89; ward four, 80; ward one, 76; ward five, 64; ward seven, 55; ward eight, 30. Grand total, 918.

### FOUND IN WELL

#### BODY OF A MISSING MAN RECOVERED.

PORTSMOUTH, N. H., Sept. 17.—Peter Boucher, 58, a Frenchman employed as a teamster at Charles Merrill's brick yard at Elliott, was discovered dead in an unused well yesterday afternoon, by a little girl who saw Boucher's head sticking up out of the water. The body was drawn out and found to be that of Boucher of Kittery called. The body had been in the water for 10 days, Boucher having been missing since Labor day. It is thought he walked into the well at night and was drowned. A few years ago Boucher crawled into a kin of brick that was being baked, to sleep, and two or three tons of brick fell over on him, disfiguring him for life.

### LOSS IS \$1800

#### GOV. McLANE'S MANSION DAMAGED BY FIRE.

MILFORD, N. H., Sept. 17.—Gov. McLane's mansion was damaged by fire today to the extent of about \$1800. The fire originated, spontaneously, it is thought, in the western part of the building, and several rooms suffered from smoke and water.

The governor was present and personally directed the work of the firemen. His loss is covered by insurance. The amount of the damage done was partly due to the delay on the part of the firemen in reaching the governor's house, the ringing of the church bells for morning service while the alarm was sounding confusing them.

### FOREST FIRES

#### THREATENED TO DESTROY THE WEIRS.

THE WEIRS, N. H., Sept. 17.—Extensive fire and forest fires have prevailed in this section for the past 26 hours and several large tracts of land have already been burned over.

Yesterday a fire was burning for hours near this place and last night was not under control and it is feared that it will spread to nearby farm buildings. Yesterday afternoon 100 men were sent from Lakeport to assist the local firemen and section men, and last night additional gangs from Plymouth and Lakeport were ordered out.

There has been no rainfall for weeks and everything is dry as tinder. The fire now burning is supposed to have caught from a passing locomotive. Four alarms have been rung in at Lakeport during the past 24 hours for brush and field fires.

### SOCIAL AND FRATERNAL

The Great Council of the Improved Order of Red Men closed its session at Niagara Falls Saturday and the reports show that the membership now is 450,000. The following great chiefs were raised: Great Inobone, W. A. S. Bird of Kansas; great senior Sagamore, Joseph Farrar of Pennsylvania; great prophet, John W. Cherry of Virginia; great chief of records, Wilson Brooks of New York; great keeper of Wampum, William Freylin, Massachusetts.

The annual session of the Sovereign Grand Lodge, I. O. O. F., will be held at Toronto, Canada, this week. Among the representatives from Massachusetts are Past Grand Master Henry E. Ruggles and George H. Fuller, who took an active part in the consolidation of Highland and Veritas Lodges nearly a year and a half ago.

## THE CUBAN SITUATION

The letter of President Roosevelt addressed to the people of Cuba is a timely and to the point. The treaty between this country and Cuba provides under the Platt amendment that the United States shall intervene if necessary to protect life and property as well as individual liberty in Cuba.

Under the assumed stability afforded by this clause, vast American and foreign investments have been made in Cuban industries and now a band of disloyal rebels has decided to start an insurrection, the object of which is the destruction of property, the forcible seizure of the government of the island, and the rights of citizens of the United States.

Since the declaration of war upon the United States it may as well be said that the United States has taken steps to bring about peace as quickly as possible.

In addition to his own personal regard to the patriotism of the people the president sends Secretary Taft and Assistant Secretary Bacon to Cuba to investigate the situation and to see what is the best course to be followed in settling the present trouble. The president is not a man of peace, but of peace and justice.

There must be peace in Cuba and what the conditions of peace may be will probably be determined by Secretary Taft's report. He has the diplomatic skill necessary to see that the peace of the country is not disturbed.

## PORTLAND'S TREATMENT OF AMERICAN SAILORS

The city of Portland, Me., has a most narrow escape from destruction when it was threatened by the fleet of the United States Navy.

Admiral Evans has reported the matter to Secretary Bonaparte with the recommendation that the ships of the navy be sent to Portland and that the people be ordered to leave the city.

It seems that the sailors of Portland got into a mischief with the sailors and drove them around like cattle, refusing to let them stand on street corners or enter in groups at any point. In enforcing these orders the police clubbed the sailors, kicked them down, and then threatened to shoot them.

The sailors heard it was a shooting rink at Peak's Island, but were refused admission because they were sailors. They were then driven to the water and left there.

This seems to be a most unusual case. Why there should be any prejudice against the sailors of an American city is more than we can understand. Certainly the average sailor in point of gentlemanly conduct will compare with the average citizen of the United States.

The mayor of Portland has made apologies for the conduct of the police and says that if the sailors return they will be treated with all the respect that is due them.

## FOSS SHOWS UP DRAPER

Eugene N. Foss is the only opponent of tariff revision in the republican party of Massachusetts. He has been preaching the doctrine for years and is still at it. Just at present it is in controversy with Col. Clarke and the other tariff revisionists who say that Governor Gilchrist will be nominated on a standard platform approved by the Home Market club.

Mr. Foss attacked the governor's attitude on the tariff and expressed the opinion that the government is not the man to swallow his own words, forget his pledges to the people in the last campaign and reverse his policy on the tariff at a time when it is more popular than ever to move towards judicious revision of the tariff laws and a measure of reciprocity so necessary to the prosperity of New England.

Mr. Foss is a candidate for lieutenant-governor against Draper. He has a personal interest in maintaining the present tariff. Referring to the matter of the capitalization of the Draper company, which is \$2,000,000 of preferred stock and \$5,000,000 of common stock, Mr. Foss said: "I note that one item in their assets is \$5,000,000 for patents. I think this is the largest amount for patent rights that I ever saw incorporated in a financial statement."

"Notwithstanding this large capitalization of intangible assets, they have earned, according to their own statement, in excess of 21 per cent. on their common stock of \$5,000,000 for the past five years."

This is but one of many instances that might be quoted to show the vast income of corporations that are the beneficiaries of the tariff revision, favored by the republican party. This party is so closely identified with the trusts and combines and so dependent upon them for financial support that it will strenuously fight against revision in spite of the most unanswerable arguments in its favor.

United States Should Not Interfere Capt. Amundsen Thinks He Found It

SEATTLE, Wash., Sept. 17.—Capt. Amundsen, discoverer of the northwest passage, reached Seattle yesterday on the steamship Sargol from Nome. He was met by a committee of the chamber of commerce and the local Norwegian societies. He was met by a committee of the chamber of commerce and the local Norwegian societies.

"I am very glad the administration recalled the troops landed at Havana. While we should do all in our power to bring about peace by offering the offer of our country, we have no business interfering with their local affairs. They must settle the disputes among themselves, but I would be glad to help parties would be willing to accept mediation with the idea of bringing about an agreement through the good offices of our government."

Mr. Bryan pointed out that this expression was the first he had made on the present situation in the island and this was all he cared to say.

## LONGSHOREMEN

REPUDETE DECISION OF BOARD OF ARBITRATION.

BOSTON, Sept. 17.—The longshoremen of this city yesterday repudiated a decision of a board of arbitration in relation to a settlement of the strike at the Metropolitan Steamship company's wharf. At a meeting last night the longshoremen's trade council also repudiated the decision.

The union men declare that the decision of the board is biased and it was voted that all the strikers should return to work or none. The action of the longshoremen caused considerable surprise among the labor men for it was understood that the decision of the board made public Friday night declaring that the Metropolitan strike was contrary to union principles would be accepted by the union and employers, both parties having been represented on the board.

A special meeting of the executive board of the district assembly, 50 is called for tonight to consider the situation.

## FOUND DEAD

WOMAN'S BODY FOUND IN A STATEROOM.

FALL RIVER, Sept. 17.—A young woman was found dead in her berth in a stateroom of the Fall River line steamer Priscilla yesterday morning. According to the purser's list, she occupied a room in New York Saturday, giving her name as M. Hawkins, and beyond this nothing is known of her. She had \$68.50 sewed to her underclothing and a check numbered 1666, issued by the Remington Typewriter company of 227 Broadway, New York, evidently for a typewriter left there for repairs. She also had a ticket from New York to Boston.

HONOLULU, Sept. 17.—A message received from Capt. Porter of the steamship Mongolia states that the vessel is on the rocks and was in a bad position. The passengers have been safely landed on Midway Island. It is thought that steamers will be hurried from this port with supplies and tackle, unless the Mongolia is quickly freed. They will also bring away her passengers. Midway Island is utterly lacking in accommodation for so many people and much hardship may result.

## Mysterious Death of Russian Official

ST. PETERSBURG, Sept. 17.—Gen. Trepoft, feeling relieved of the trying duty of protecting the Imperial master who left Thursday on a cruise to Bjorko at 5 o'clock Saturday afternoon, retired to his cabinet to rest and gave orders that he should not be disturbed until dinner was served. When at half past seven o'clock dinner was announced Gen. Trepoft did not answer the call and finally a member of his staff at eight o'clock knocked at the door of his cabinet. Receiving no reply he entered and found the general lying stretched out at the foot of his couch with a newspaper in his hand, dead. It was plain that he had died shortly

## FOOTBALL GAMES GAVE BOY LIQUOR

### Olympics Defeated by Young Duffy Was Found the Methuens Unconscious

The Olympics of this city were defeated by the Methuens of that town in a game of association football on the fair grounds Saturday afternoon. The score being eight to nothing. The victors put up a skillful game of ball and the team play brought into use assisted materially in winning the game. The Olympics were badly handicapped by the absence of several of the regular members of the team.

Congressman Butler Ames, by invitation, opened the game by kicking off the ball.

Saturday's game was replete in brilliant play, and both sides showed that they had skill in handling the ball. Team play is hard to attain, owing to the uncertainty of kicking an oval ball in a desired direction, but the Methuens eleven excelled in this.

The lineup and score were as follows:

## THOMAS TALBOT

### Moran Not After the Billerica Man

BOSTON, Sept. 17.—Dist. Atty. Moran has let it be known that he does not intend to seek indictments from the grand jury against James R. Reynolds, assistant secretary of the treasury, who was formerly an officer of the republican state committee, and Thomas Talbot, chairman of the committee, in connection with their testimony at the trial of Robert F. Proctor. Proctor was convicted of embezzling a campaign contribution.

At the trial, both Mr. Reynolds and Mr. Talbot testified that they could not remember whether they ever received the contribution in question. It is understood that the reason the district attorney for them is that it would be practically impossible to convict them in any wrong in view of their testimony relating to the transaction.

Mr. Moran contends that the law relating to the receipt, expenditure and accounting of political expenditures by campaign committees should be amended so that only the treasurer should receive or distribute funds, and that books containing the details of all financial transactions should be kept.

## PRESENTED RING

### Grand Knight William F. Sullivan

Surprised by the K. of C's

At Reception to State Officers Yesterday

The Genoa club in Tyngsboro, the country club of the Knights of Columbus was the scene yesterday of one of the most enjoyable affairs in the history of the club, when a reception was tendered to the state officers of the order and the grand knights of the different councils of the state.

But the main and most enjoyable feature of the day was the presentation to William F. Sullivan, the popular and bustling grand knight of Lowell council, of a beautiful diamond ring, in honor of his recent appointment as a district deputy grand knight of the order. Despite the fact that the presentation was known in advance by some 25 members by having it in connection with the annual reception to the state officials the recipient was kept completely in the dark in regard to it and was genuinely surprised.

Three hundred members of Lowell council were in attendance and about 50 state officials and grand knights came from Boston by special cars and took the steamer "Gov. Allen" at the Yeager landing for the trip up the river. Lord Weiman's band accompanied the party and rendered a most acceptable program en route. Upon arrival at the club, Caterer Evans had a fine lunch awaiting the party and with the able assistance of Mr. Sec. Philip Green and a corps of waiting waiters the service was great. After lunch all proceeded to the veranda of the club house ostensibly to hear a few remarks from some of the visitors. State Deputy Daniel F. Buckley of Boston was called upon to officiate as presiding officer and after a neat speech complimentary to the hosts and the grand showing they had made introduced Rev. Fr. Supple of Charlestown, Mass., state chaplain of the order. Fr. Supple made a brief but eloquent speech after which the state deputy introduced Deputy John H. McNabb, as the "historian" of the local council with instructions to regulate the visitors with some historical facts in relation to Tyngsboro and the adjacent country. Mr. McNabb spoke as follows:

"We have assembled this afternoon, on this picturesque and historic spot, not only to extend our hospitality to the state officers and visiting grand knights, but also to show our regard in a suitable manner, for the valuable services rendered our council, by the present grand knight, William F. Sullivan. It is fitting that these spacious grounds should be the scene of such a joyous gathering; for the name of our grand knight is closely identified with the Genoa club. He was the original force, which brought into being the country club. It was due to his persistence, more than any other influence, that today we enjoy summer quarters on the banks of this beautiful river. During his wise administration our membership has increased from 20 to 375, while a casual glance around us will convince the most skeptical that our material progress has kept pace with the years.

When the news spread throughout the rooms that the recently elected State Deputy Buckley had set apart another district, and placed at its head a Lowell man, naturally we were proud of the appointment. We felt deeply grateful for the distinction shown our council, and for the high honor conferred on one of our members. No act of the state executive could give more satisfaction. It gave us the hope that Lowell was about to occupy a prominent place among the influential councils of the state.

With these things in mind, the members of the Lowell council, decided to do a little degree work of their own, at the first favorable opportunity. Accordingly, worthy grand knight, they appointed me, in their behalf, to present to you this ring, emblematic of our abiding faith in you as an officer and a man. We sincerely hope that you may be spared a long life to wear this token of your worth and we fervently pray that God may give you health and strength to enjoy the high honors which we have reason to believe await you.

Mr. Sullivan was greatly surprised and for a moment could not find words. Then he expressed his thanks with unquestionable sincerity. The formal exercises were then concluded and the remainder of the afternoon was spent in a social way, the visitors returning home in the evening.

Among those present were: State Deputy Daniel F. Buckley, State Secretary William J. O'Brien, Capt. James Gorman, master of 4th degree, of Boston; Rev. Fr. Supple, Charlestown, Mass.; District Deputy Whalen of Cambridge; Rev. E. A. Dorgan, of M. I. Rev. W. George Mullin, Rev. James E. Duffy, and Rev. Daniel J. Heffernan, of this city, and the grand knights of Webburn, Lawrence, Nashua, Manchester, Newburyport, Hingham, Roxbury and Boston.

The committee having the affair in charge consisted of: John H. McNabb, chairman; William F. Sullivan, John Connel, William M. Collins, John Connel, Frank Brown, Henry Hooper, Thomas J. Brown, James E. Dorgan, Charles W. Dorgan, John P. Welch and Charles Lupton.

Mr. Thompson was overcome with surprise, but managed to express his gratitude to the donors and also his regret at the breaking of the pleasant associations which he has enjoyed with his help.

### Grand Knight William F. Sullivan

Surprised by the K. of C's

At Reception to State Officers Yesterday

The Genoa club in Tyngsboro, the country club of the Knights of Columbus was the scene yesterday of one of the most enjoyable affairs in the history of the club, when a reception was tendered to the state officers of the order and the grand knights of the different councils of the state.

But the main and most enjoyable feature of the day was the presentation to William F. Sullivan, the popular and bustling grand knight of Lowell council, of a beautiful diamond ring, in honor of his recent appointment as a district deputy grand knight of the order. Despite the fact that the presentation was known in advance by some 25 members by having it in connection with the annual reception to the state officials the recipient was kept completely in the dark in regard to it and was genuinely surprised.

Three hundred members of Lowell council were in attendance and about 50 state officials and grand knights came from Boston by special cars and took the steamer "Gov. Allen" at the Yeager landing for the trip up the river. Lord Weiman's band accompanied the party and rendered a most acceptable program en route. Upon arrival at the club, Caterer Evans had a fine lunch awaiting the party and with the able assistance of Mr. Sec. Philip Green and a corps of waiting waiters the service was great. After lunch all proceeded to the veranda of the club house ostensibly to hear a few remarks from some of the visitors. State Deputy Daniel F. Buckley of Boston was called upon to officiate as presiding officer and after a neat speech complimentary to the hosts and the grand showing they had made introduced Rev. Fr. Supple of Charlestown, Mass., state chaplain of the order. Fr. Supple made a brief but eloquent speech after which the state deputy introduced Deputy John H. McNabb, as the "historian" of the local council with instructions to regulate the visitors with some historical facts in relation to Tyngsboro and the adjacent country. Mr. McNabb spoke as follows:

"We have assembled this afternoon, on this picturesque and historic spot, not only to extend our hospitality to the state officers and visiting grand knights, but also to show our regard in a suitable manner, for the valuable services rendered our council, by the present grand knight, William F. Sullivan. It is fitting that these spacious grounds should be the scene of such a joyous gathering; for the name of our grand knight is closely identified with the Genoa club. He was the original force, which brought into being the country club. It was due to his persistence, more than any other influence, that today we enjoy summer quarters on the banks of this beautiful river. During his wise administration our membership has increased from 20 to 375, while a casual glance around us will convince the most skeptical that our material progress has kept pace with the years.

When the news spread throughout the rooms that the recently elected State Deputy Buckley had set apart another district, and placed at its head a Lowell man, naturally we were proud of the appointment. We felt deeply grateful for the distinction shown our council, and for the high honor conferred on one of our members. No act of the state executive could give more satisfaction. It gave us the hope that Lowell was about to occupy a prominent place among the influential councils of the state.

With these things in mind, the members of the Lowell council, decided to do a little degree work of their own, at the first favorable opportunity. Accordingly, worthy grand knight, they appointed me, in their behalf, to present to you this ring, emblematic of our abiding faith in you as an officer and a man. We sincerely hope that you may be spared a long life to wear this token of your worth and we fervently pray that God may give you health and strength to enjoy the high honors which we have reason to believe await you.

Mr. Sullivan was greatly surprised and for a moment could not find words. Then he expressed his thanks with unquestionable sincerity. The formal exercises were then concluded and the remainder of the afternoon was spent in a social way, the visitors returning home in the evening.

Among those present were: State Deputy Daniel F. Buckley, State Secretary William J. O'Brien, Capt. James Gorman, master of 4th degree, of Boston; Rev. Fr. Supple, Charlestown, Mass.; District Deputy Whalen of Cambridge; Rev. E. A. Dorgan, of M. I. Rev. W. George Mullin, Rev. James E. Duffy, and Rev. Daniel J. Heffernan, of this city, and the grand knights of Webburn, Lawrence, Nashua, Manchester, Newburyport, Hingham, Roxbury and Boston.

## NIGHT EDITION

## CHURCH WEDDING

Daughter of Harry G. Dunlap  
The Bride

One of the prettiest church weddings solemnized in this city during the present season occurred today at the First Universalist church in Hurd street when Miss Libbie Franette Dunlap, daughter of Mr. and Mrs. Harry G. Dunlap, a well known young lady in society circles was united in marriage to Mr. Albert Lawrence Churchman of the Central Savings bank, the ceremony being performed by Rev. C. E. Fisher, pastor of the church. The bridesmaids were Miss Minnie E. Sawyer of Watertown and Miss Edith L. Carter of this city and the maid of honor was Mrs. Charles Walter Conklin of Buffalo, N. Y. The best man was Mr. Christopher R. Churchman of Oaxaca, Mexico, a brother of the groom. The bride was given away by her father, Mr. Harry G. Dunlap. She was beautifully attired in Liberty silk, duchess lace, train and a veil. She wore a pearl earring and carried a shower bouquet of lilies of the valley. The bridesmaids and maid of honor wore white mousseline, lace yoked and accented plaited, carried

pink roses and wore picture hats of white. The ushers at the house and church were Messrs. Harry G. Dunlap of this city, E. C. Jackson and Edward G. Church of Wilmington, Del., T. W. Sprague of Brookline, Mass. and William and Wilson Moorehouse of Philadelphia, Penn. Immediately after the ceremony a reception was held at the home of the bride's parents, 118 Hanks street, where hundreds of guests had assembled to extend their best wishes to the happy couple. A wedding banquet was served during the afternoon and the orchestra discoursed pleasing music. The presents were numerous and valuable, consisting of linens, silverware, cut glass and other useful gifts. Prominent among the gifts was a handsome oriental art square, from a number of the clerks of A. G. Pollard & Co. Mr. and Mrs. Churchman left on a wedding tour and will be at home to their friends at 118 Hanks street after the first of November.

## GRAVESEND RACE LARCENY CHARGE

GRAVESEND, N. Y., Sept. 17.—First race, handicap six furlongs all ages: Lady Amelia, 10 to 6; first, Dr. Gardner, 1 to 6; second, Arkilla, third, Time 1:10.

Fred Gravel is Under Arrest

Fred Gravel was arrested this afternoon by Officer Cawley and Inspector Laflamme, charged with breaking and entering a dwelling house on Grand street, the property of A. C. Wheelock, and a second charge of larceny, and entering a house known as Pike's block on Adams street, also belonging to Mr. Wheelock.

Gravel, who is an old timer having been in before for a similar offense, went to Mr. Wheelock's office and representing that he wanted the keys to show the houses to possible tenants, obtained the keys and thus got an entry to the houses. It is alleged that he ripped out all the lead plumbing and sold it for junk.

Mrs. J. D. Sullivan and Miss A. Sullivan of Lynchburg, Va., are visiting friends in this city for ten days.

## FINE HOME FOR SALE

On Centralville Heights

## At a Great Bargain

The undersigned, being about to move to his new residence in Belvidere, offers his present home at 119 Fremont street, for sale. The premises consist of a large two and one-half story house with a fine stable on a nicely graded and stone curbed double lot of land containing 11,000 square feet. The house is in first-class condition throughout. It has twelve good rooms besides an attic room, pantry and modern bath room. The plumbing is modern and first class in every particular. The steam heating plant consists of a fine steel boiler, set in brick with ten radiators, piped in the best possible manner. Cellar bottom cemented and sub-drained. Walks and driveway concreted and lot front curbed with granite.

The stable is one of the finest on the hill. The carriage house is concreted and drained into the street sewer. There are three stalls (one a box stall) fine harness room and a finished room for a hostler, together with all the facilities necessary for a high grade stable. The location is slightly, airy and healthy and the street cars are within one minute's walk of the house. There are several nice fruit and shade trees and an excellent lawn.

To build such a home today with the prevailing price of labor and material would cost nearly double the sum for which I am willing to sell. Further particulars will be cheerfully given to anyone desirous of buying such a residence.

## HENRY M. WHITNEY SIX WERE KILLED

The Man for Standard Bearer  
of the Democracy

## The Convention Should Tender Him the Nomination as He Alone Can Turn Impending Defeat to Victory Under the Present Embarrassing Conditions

NOW IS THE TIME WHEN ALL GOOD DEMOCRATS SHOULD PUT FACTIONAL DIFFERENCE ASIDE AND ACCEPT THE GOLDEN OPPORTUNITY OFFERED TO ELECT A DEMOCRATIC GOVERNOR OF MASSACHUSETTS. THE QUESTION NOW STANDING PROMINENTLY BEFORE THE DEMOCRACY IS, SHALL THE DEMOCRATIC PARTY SOLVE THE PRESENT DIFFICULTY IN REGARD TO GOVERNOR OR SHALL IT SURRENDER TO AN INSIGNIFICANT FACTION?

THE DEMOCRATIC PRESS OF THE STATE HAS URGED THE CAUSE OF DEMOCRACY LOYALLY AGAINST GREAT ODDS IN THE PAST AND NOW WHEN VICTORY IS WITHIN THE GRASP OF THE PARTY THE PRESS MAY WELL ASK, WHY ALLOW TACTICAL BLUNDERS TO NULLIFY THE CHANCES OF SUCCESS?

We have no personal acquaintance with the candidate whom we would suggest to the democracy as the one man who can win but the fight he made and the vote he received have shown the party that there is but one way to win and that is by the nomination of Henry M. Whitney.

Mr. Whitney at one time had expressed his willingness to be a candidate but through some unforeseen cause he was compelled to retire. The Sun calls upon the leaders and the democratic press that have made the party what it is, not to take a backward step and lose the confidence of the people but to come forth and in no uncertain terms insist upon Mr. Whitney accepting the nomination and to make such a unanimous demand that he will listen and accept. There is no man in this generation who has done more to build up Massachusetts than Mr. Whitney and he has always shown a great interest in public affairs. He is a man who creates and builds up. That is the kind of man the democracy should honor and the kind the people would elect. We believe that Mr. Whitney would listen to the demands of the party and we feel that a man who has shown such interest in the affairs of state would rise to the occasion if he should be persuaded to accept the nomination. Our interest is to serve the public and the

democratic party and we know of no better way than by showing the people of the state, especially the democrats, the situation as it ought to be and the deplorable condition that exists at present.

The Sun, since its establishment, with the other democratic papers has been advocating the cause of democracy and at present sees no solution of the present difficulty except through the nomination of Henry M. Whitney. Two years ago we elected the Hon. William E. Douglas. Last year in one of the best contests ever known Hon. Henry M. Whitney came within 100 votes of being elected lieutenant governor. We believe now as we believed then that had he been at the head of the ticket he could have been elected. It is admitted on all sides that the administration of Governor Gould has been one of the weakest and has been a great disappointment to the republican leaders. The republican party, perhaps made careless by repeated successes has arrived at that stage where it has not been selecting its ablest men as candidates. Democrats help their opponents out of the hole they find themselves in by allowing them to dictate the nomination by nominating the candidate that they hope we will. The democratic party is fast winning the confidence of the people of the

state and now has an opportunity that it should not let pass by following in the path of the republican leaders and nominating small men for large places. There are thousands of republicans in this state who are looking to the democratic leaders to nominate a man who can become a real leader in public affairs.

Mr. Whitney stands today among the greatest leaders of industry in the United States has ever known, a man who has an international reputation and as one of the democratic press we ask Governor Douglas, Hon. Josiah Quincy, Hon. William E. Douglas, Hon. John A. Sullivan, Hon. Charles S. Hamilton and all the other leaders who have received the support of the entire democracy and who have been honored by their party in the past to unite and insist upon the nomination of the man who can be elected governor of Massachusetts, the Hon. Henry M. Whitney. Judging from his past record, his fight of last year and his deep interest in the issues involved, we believe that Mr. Whitney is not the man to turn a deaf ear to such an appeal from the democracy and therefore we hope the state convention will select him as the standard bearer in the coming campaign. We can see no other way of averting certain defeat, humiliation and demoralization of the party throughout the state.

## Buildings in Havana Wrecked by Explosion

HAVANA, Sept. 17.—A violent explosion occurred here today and wrecked two brick buildings. Six persons were killed and many were wounded. No details of the cause are yet at hand. An investigation is being made. The explosion is thought to be the work of incendiaries. The buildings at once caught fire. Dead and wounded are still being taken from the wreckage. The buildings were insured.

People of Worcester Resort to Prayer  
Some Trouble at the Big Shop

WORCESTER, Sept. 17.—Fearing of a further spread of diphtheria among the French residents of the Oak Hill district where the disease made its appearance in several families recently the people of that district have invoked the aid of their religion. At the conclusion of the services in St. Joseph's church yesterday, the title of St. Basil, the famous bishop and martyr of Seleucia, Armenia, was expounded. Eight hundred of the worshippers filed to the altar calling where they knelt and kissed the relics at the same time offering a prayer that the disease in the district might be checked.

The relic which is a tiny piece of bone from the body of St. Basil was located in a gold case. It was brought from Rome three years ago. Since that time, it has been exposed but rarely.

## TWO SHERIFFS

WARNED TO ENFORCE THE LAW.

ALBANY, N. Y., Sept. 17.—Governor Hughes today warned Sheriff Hays of New York and Sheriff of Kings county that he would hold them responsible for the enforcement of the law and the protection of citizens in their political rights in connection with primary elections to be held tomorrow.

The governor says in his identical letters to the two sheriffs: "Members of both the democratic and the republican parties have expressed to me their conviction that the orderly conduct of the primary election in your city tomorrow is menaced by organized efforts at intimidation and fraud."

## SACRED HEART

ATTENDANCE AT SCHOOL BREAKS ALL RECORDS.

The attendance of pupils at the Sacred Heart parochial school, this year, beats all previous records. It has been found necessary to appropriate a room in the convent for the accommodation of a number of the children. It is the intention of Rev. T. W. Smith, pastor, to build an addition to the parochial school early next year, and it is assumed that the great necessity of additional school accommodation will have the hearty co-operation of the parishioners.

Some Trouble at the Big Shop

There was some trouble at the Lowell Machine shop this afternoon when quite a large number of Greeks went on strike rather than tolerate their second-hand's orders further. The trouble arose from the fact that their present boss has taken the place of a man whom they liked.

At the office of the machine shop, one of the Greeks who declined to give his name said the trouble was of no account.

## FEAST OF DEATH

NEW YORK, Sept. 17.—Mr. and Mrs. Stephen Hajek, of No. 403 East Sixty-fourth street, celebrated the fifth anniversary of their marriage in the observance of a "wooden wedding" Saturday night. Yesterday morning, the opening day of the sixth year of married life, found them dead. The cause of their death had been blown out by the high wind and they had been asphyxiated.

The Hajeks were a frugal couple. Both were employed in a cigar factory, and through their combined efforts they were enabled to have a neat and comfortable home in a new law model tenement. For months they had been saving to celebrate the wooden wedding with dancing and a Hungarian spread for ten. The guests departed wishing the happy couple many more years of happiness.

Among the guests was Martin Mader of No. 415 East Sixty-fourth street. When she came to the front she brought a piece of meat for her Sunday dinner. It was placed in the Hajek's box. In the morning Martin Mader hurried down to the Hajek's to get the meat. At the door she detected escaping gas and gave an alarm, which led to the discovery of the dead couple.

## THE MATHEWS

INVITED TO TAKE PART IN PEABODY PARADE.

An invitation to participate in the parade of the Essex County T. A. Union in Peabody on Oct. 10, Fr. Mathew day, has been received by the Mathew Temperance Institute, but it was not accepted. It being deemed inadvisable to attend this year. Fr. Mathew has received an invitation through Rev. Fr. Murphy, the union's chaplain, and may ride in the parade.

## DENNIS CROWLEY

FORMER LOWELL RESIDENT BURIED IN BOSTON YESTERDAY.

The funeral of the late Dennis Crowley, the last surviving brother of the late Hon. Jeremiah Crowley took place in Boston yesterday and was largely attended. The deceased formerly resided in this city and was employed for several years at Cole & Nichols' Foundry. The funeral took place from the home of the deceased, 11 Currier street and services were held at St. James' church, Harrison avenue, and the interment was in Calvary cemetery. The bearers were six nephews of the deceased: Sergt. John B. Crowley, Lieut. Daniel J. Crowley of Hosiery, James T. O'Hearn and John O'Hearn, Jr., of this city, J. B. Crowley of Nashua, N. H., and Henry Crowley of Boston.

Among the Lowell relatives at the funeral were Mr. and Mrs. John O'Hearn Sr., Mr. and Mrs. James T. O'Hearn, John O'Hearn Jr., Miss Nellie Crowley, Sergt. John B. Crowley, Lieut. Daniel J. Crowley and Dennis J. Crowley.

FINGER INJURED.

## FRANK B. DOW ILL

## Can't Appear in Court -- Case Put Over Until Dec. 10

The case of Frank B. Dow, Laforest Road and the officials of the Harvard brewery were this morning called in the Superior court in East Cambridge and continued until December 10th, at the next term of the court on account of the serious illness of Frank B. Dow, who is suffering with an intestinal trouble, at his home in this city.

But while the case has been continued the 25 or 30 witnesses summoned to appear must go down to Cambridge tomorrow for their appearance on that date.

The case was set down for this morning at the request of Attorney Pratt for Mr. Dow and Harburt for the Harvard brewery. Judge Bell entertained their motion for a continuance this morning at the opening of court. Medical Examiners Irish of Lowell, Durrell of Somerville and Swan of Cambridge, were put on the witness stand and they testified that they examined Mr. Dow at his home in Lowell yesterday and found him to be suffering from an intestinal trouble, with symptoms of a serious nature. They found his heart weak, his pulse too, a feverish condition and bowel troubles and they testified that he could not possibly appear in court for at least a

week, and probably not for a longer period. The counsel for the defendants then asked that the case go over until the next term.

The district attorney in asking for a continuance of one week objected to the case going over until next term on the ground that the longer the case was delayed the more the government's case was weakened.

Judge Bell declined to grant a continuance for so short a period and the district attorney then asked that a special assignment be made for the trial of the cases between now and the December term, claiming that the government's case would be best served by a speedy trial. The court stated that a special assignment could be granted only by the chief justice and informed the district attorney that in order to get such an assignment he must make application of the chief justice. District attorney then decided not to press the matter and the court set the date of the trial at December 10th.

The district attorney then moved and the court ordered that the 25 or 30 witnesses summoned appear in court at Cambridge tomorrow and recognize for their appearance before the court on December 10th.

## COW IS POISONED

## Another Case of Apparent Malice

That some person is maliciously poisoning cows in the country towns is an assured fact. Following close on the heels of the poisoning of cows in East Cambridge comes the report that Walter L. Costello of Duncum has lost a valuable cow.

The cow was taken sick last Thursday and Mr. Costello suspected poisoning. Dr. C. A. Hamblet was called and made a thorough examination finding traces of poison.

The dead animal was removed to the Lowell boarding Co.'s plant in South Lowell and an autopsy performed showing the same symptoms as were found in the cows belonging to Mr. Thompson, which were poisoned last week.

Mr. Costello states that he pastures his cow on G. A. H. Richardson's land in Shadon street, Duncum, but he would not say that he believed that the cow had been poisoned while in the pasture. He always has exercised great care in feeding his cow, for she was valuable and he had refused some good offers for her. He had no suspicious as to the guilty party.

FIRE IN BOARDING HOUSE.  
An alarm from box 7 shortly before 7 o'clock last night, was for a blaze in Lynch's boarding house in Worthen street. Some clothes caught fire. The damage was slight.

# 6 O'CLOCK HEADS SMASHED By Police in Breaking up Polish Wedding

Officer Ambrose Creamer, one of the huskiest propositions on the police force, butted into a Polish wedding in William street, late Saturday night, and broke it up. Incidentally he broke several heads and several fingers, for a woman's dress and received a broken finger himself.

In court this morning two Poles were charged with drunkenness and assault on an officer and two with plain drunkenness. The Polish people of the city are up in arms over the fracas and propose to fight the case to a finish. They have retained Lawyer Joseph Laughran and the case will come up for trial on Saturday next. Lawyer Laughran to a reporter of The Sun said: "Evidently the police officers, having had a few unpleasant experiences at Polish or Lithuanian weddings, have forgotten how to discriminate and take it for granted that every wedding by members of this nationality is an orgy and should be broken up. When this case comes to trial we will present a number of credible witnesses to show that the police, particularly Officer Creamer, exceeded their authority in an outrageous manner. Men were clubbed unmercifully, a woman had her clothing torn and was struck in the face by an officer, and if there was any violation of the law it was by the police."

It seems there was a wedding in William street, Saturday night, and while the festivities consisting of music and loud intermittent noise at their height, Officer Creamer stood in and started to run things. His entrance without authority upon a noisy but not lawless scene was questioned by those present, many of whom spoke English imperfectly and might have been misunderstood by the officer. But according to the statements of several well known and respected Polish residents the officer started in right away to manipulate his club and broke several craniums after which the guests became rather strenuous with him. As soon as things began to come his way Officer Creamer promptly drew his revolver and it is said discharged it

## BRYAN EXPLAINS MYSTERY OF GIRL Why He Favors Gov- Waltham Maid Missing ernment Ownership From Home

JACKSON, Miss., Sept. 17.—In a letter to Gov. Vandenberg, W. J. Bryan declared that the main thing which led him to believe in the government ownership of railroads was the corruption in politics brought about by private ownership.

"You are right in saying I prefer private ownership if I thought private ownership consistent with pure politics and justice to the public, and I came reluctantly to my present position. I believe that you and other democrats will be brought reluctantly to the same position. As for the party, it can only act when the voters are ready to act and it is impossible at this time to say how far public opinion will support the suggestion I have made."

### THE MONGOLIA

IS LYING IN A DANGEROUS POSITION.

HONOLULU, Sept. 17.—According to the latest advice received here, the steamer Mongolia, which ran aground yesterday on the windward side of Midway island, in a dangerous place. She is leaking slightly. The steamer had on board 223 cabin passengers and 500 sailors in the stern. The wife of Captain Porter has received a cable from her husband, saying that the vessel is in a bad position.

It is stated that Captain Metcalf, who with Captain Pillsbury, floated the Manchuria, will take the Restorer to Midway to help the Mongolia, as soon as it is possible to raise the tackle used in salvaging the Manchuria.

### YACHT LESLIE

WAS BURNED TO THE WATER'S EDGE.

NEW HAVEN, Conn., Sept. 17.—The auxiliary schooner yacht Leslie, owned by Dr. A. Hollister, of New York, and which flew the Columbia yacht club pennant, was burned to the water's edge early today off Jell's wharf, the former mooring place of the New Haven Yacht club. The fire was caused through a leakage of gasoline and the only person yesterday on the yacht was John Anderson and the steward, who left the burning boat after the fire started. Several yachts anchored near the Leslie were threatened by the flames and some of them shifted their positions in order to escape the flames.

The Leslie was about 80 feet overall, and she registered twenty tons. She was of the old type two-stekler, and put in here from Newport Saturday. Anderson was threatened by the flames excepting the yawl in which he escaped.

## BIG ATTENDANCE MAY BE DEADLOCK

Reported in the Public New Hampshire Republicans in Hot Fight

With the attendance of seven schools to be heard from there are nearly 10,000 pupils attending the high, grammar, primary and kindergartens in this city at the present time. The attendance this year is large, and while it cannot be positively compared with last year's figures owing to the absence of the attendance of seven schools there is little doubt but that the number in attendance this year is far in excess of any other year.

There are 1038 pupils in the high school, 2813 in the grammar with the exception of the Bartlett and Highland, 2510 in the primary schools with the exception of the Bartlett, Carter, Symonds and Riverside schools and 374 in the kindergartens with the exception of the Bartlett.

The following are the attendances of the different schools up to date:

### PRES. FISH

SAYS TELEPHONE COMPANY WILL BE REORGANIZED.

SAN FRANCISCO, Sept. 17.—The call today that President Fish, assistant to President Fish, of the American Telephone & Telegraph Co. of Boston before leaving for the east last night confirmed the statement made previously that a complete reorganization of the Pacific States Telephone & Telegraph Co. would take place in the near future.

According to Pickernall, Henry T. Scott will be retained as president, but admitted that a new man would fill the position of the vice president and General Manager Louis Glass, whose successor said Pickernall, would be an easterner, of experience, who is to come to San Francisco and give his entire attention to the service on the Pacific coast. The new manager will be appointed immediately after the return of President Fish who is now in Europe.

Fish will direct the affairs of the Pacific States Telephone and Telegraph Co. from Boston.

### WILL RETURN

ALEXANDER IS READY TO FACE CHARGE.

PITTSBURGH, Sept. 17.—Thomas W. Alexander, who was arrested in Pittsburgh last night as a fugitive from justice, is charged with defauling to the amount of \$200,000, said today that he would return voluntarily to August 1. "The amount involved is not nearly so great as the published reports make it," said Alexander. "I left behind securities which will realize sufficient to nearly cover the shortage."

### DEED TO LAND

TO BE RETURNED TO THE DONOR.

NEWPORT, R. I., Sept. 17.—The wardens of Trinity church in this city have taken the unusual course of returning to the donor a valuable piece of property which was presented to the church five years ago by Mrs. James A. Swan. In making the gift, Mrs. Swan stipulated that a parsonage be erected on the property at a cost of not less than \$10,000. The land was accepted at that time but now at the end of the five years, the wardens of the church have decided that they do not desire to erect a parsonage and the deed to the property will be returned at once.

### ITALIAN CRUISER ARRIVES

WASHINGTON, Sept. 17.—The Italian cruiser, Piemonte, Rear Admiral Roberto Call commanding, came up the river yesterday and is anchored off the government arsenal. Official calls were exchanged between Admiral Call and the commandant of the navy yard and today the admiral and his staff will pay a visit to the Italian embassy, the navy department and other government buildings.

## MANY OFFENDERS

Fined in Police Court This Morning

The lineup in police court this morning was unusually large. All nationalities were represented and some of the names called were sufficiently long to make any man pay for the day when phonetic spelling will be used in the courts.

John Murphy, Frank Petrowski and John Galt were fined \$2 each for drunkenness. Joseph Mello paid \$3 for a good size jag. Joseph Langton, Edward Collins, Wm. P. Collins and John Wilson were in court on charges of drunkenness and were fined \$5 each. Thomas McLaughlin went to jail for three months for his fourth offense within a year.

Wm. J. Flynn hailed from Nashua and got drunk. He wanted to be allowed to return to Nashua where he said he could get work on the railroad. Judge Hadley was inclined to be merciful and held defendant in \$1 for a week.

J. P. Galtagher pleaded guilty to a drunkenness charge and a charge of assault and battery on Mr. Stien, the Middlesex street clothes. He was fined \$10 on the assault case and the drunkenness charge was placed on file.

Thomas Disler and John Bennett, both Sunday drunks, were fined \$5 each.

### CHARGE OF TRESPASS

William Marokofski and Peter Corjaretz were charged with trespassing on the Wyman estate on Mansur street.

Edward P. Shaw, who is in charge of the estate, testified that defendants plucked some apples there. The place is fenced in and notices are posted warning against trespassing.

Defendants stated that they are only in the law of this country. They could not read the signs but seeing some parties there thought they, too, would be welcome. The court fined them \$12 each.

### FOR ALLEGED LARCENY

George E. Stone was charged with the larceny of a ring valued at \$350, a comb and a mirror, the property of Marshall P. Smith of Butterfield street. Mr. Smith testified that about two

weeks ago defendant, representing himself as John Donahoe and employed at Hanson's stables in Rock street, engaged a room at his house on Butterfield street. The room adjoined that assigned to defendant contained the missing articles. Defendant left some hours later and the articles and money were missed. The owner notified the police. Upon inquiry it was found that defendant never worked for Mr. Hansen. The court held defendant in \$200 till tomorrow morning for further examination.

### HELD IN \$500

Fred Bennett was in police court this morning charged with the theft of a horse, carriage, harness, 50 chickens, 5 bushels of tomatoes, and one lantern, the property of John N. Fleming. He pleaded guilty and was held in \$500 for the superior court.

### DOWIE TO LEAVE

He Will Depart From Zion City

CHICAGO, Sept. 17.—John Alexander Dowie yesterday announced a farewell service at Shiloh House for next Sunday. Immediately after his service he will leave for Mexico if his physical condition will permit, and it is expected that he will see Zion City again.

In a communication from the old leader which was read at the tabernacle by Elder Arlington, he advised his loyal followers to remain away from the polls at the election for a new general executor tomorrow.

The polls for the election tomorrow will be open from 6 a. m. until 9 a. m. The election of Voliva, who spoke to a large outdoor meeting yesterday, is conceded by a practically unanimous vote.

### TERRIFIC GALE

PASSENGERS IN STATE OF TERROR.

NEW YORK, Sept. 17.—Many of the 623 passengers on the steamer Massalia, which arrived today from Marseilles, Naples and Palermo, spent most of their time in prayer and weeping while the steamer labored in a terrific gale at sea on September 11. During the 12 hours the gale continued the steamer's decks were continuously swept by heavy seas and the passengers were kept below deck. Catapults, boat covers, and almost everything movable on deck were smashed or swept overboard. The gale abated after 12 hours.

### NOT GUILTY

CHAUFFEUR WAS CHARGED WITH MANSLAUGHTER.

SALEM, Sept. 17.—Frank I. Richardson chauffeur for Joseph P. Shortell, a local shoe manufacturer, was discharged today by Judge Holden, in the district court on a complaint of manslaughter. Richardson was arrested on July 28 charged with causing the death of William F. Richards. Richards was shown in an autopsy, dropped dead from epilepsy in front of an automobile driven by Richardson, but as the machine struck the pedestrian it was at first thought the collision had caused his death.

## FOUND DEAD

INDICATIONS THAT WOMAN COMMITTED SUICIDE.

HARRISON, Me., Sept. 17.—Coroner A. P. Bassett of Norway today arrived at South Waterford investigating the death of Mrs. John Everett, aged about 60, of that town. Mrs. Everett was found dead last night in the rear of her barn under circumstances which indicated suicide. There was a bullet hole in her head and a revolver at her side. The weapon was taken from the suit case of her son, Arthur Everett, who came home from Massachusetts yesterday for a visit. Mrs. Everett, for some cause not known, had been dependent for some time. Her husband died two years ago.

The city collector and the registrars of voters have agreed that the annexed voters will be allowed to vote at the primaries in ward nine on a work from Tuesday when the primaries for the state election will be held. There was considerable discussion as to whether or not the residents of that section who had been registered would be allowed to vote, but the city collector thought they had the right and the board of registrars after two the votes finally passed a vote Saturday night allowing the annexed voters to cast a ballot in the primaries.

The board of voters was the interpretation of the act of annexation. The Tewksbury voters who lived in the annexed district were assessed in Lowell, May 1, and therefore lost their

right to vote in the town. Coming to Lowell to be registered they were asked whether they had resided continuously in Lowell for six months and of course they had to answer in the negative.

The decision to be made was whether the six months requirement should be waived, owing to the fact that their change of residence was due to an act of the legislature and not to their own change of location. Difference of opinion on the subject led the board of registrars to wait until the end of registration Saturday night, before passing on any registrations. A large number of registrations were received from the annexed district, and their cases were taken up in a batch rather than singly, and the vote was passed to send all the names to the state printers on Sept. 25. This disposed of the question temporarily, unless some candidate, interested in the delegates of the district, comes to press the matter after the canvass, by carrying the case to the courts.

## MURDER THEORY

Is Discarded by the  
Lynn Police

BOSTON, Sept. 17.—Through information furnished the Lynn police late last night by Charles E. Gilman of 21 Buffum street, that city, the authorities believe that Albert T. Quinton, 42 years, of 21 Blue Hill avenue, Roxbury, was not murdered, as they at first supposed, but met with an accidental death in the shoe city late Saturday night.

Mr. Gilman was in his room on the second floor of the house at 21 Buffum street, when he heard loud talking outside. Rattling his window, he saw Quinton trying to get in at 21 Buffum street, while four friends stood on the sidewalk. One of them said: "Come on down; you can't get in there." At that point, Mr. Gilman tells, the police, the man turned around and suddenly fell headfirst into the sidewalk. The four men rushed to assist him. They were evidently unable to arouse him and they left him.

When informed of these facts, Dr. Newhall, associate medical examiner, said it was probable death, caused by the fall.

All day yesterday the Lynn police worked on a murder theory. After an autopsy, the medical examiner in reporting to the police said: "To all appearances, the man was assaulted, robbed and murdered."

The whole city was excited, and after placing Quinton at a bar-room at the corner of Buffum and Blue streets, shortly before 10 o'clock, the police found the body, but no further. They now found that death was purely accidental.

The police found Quinton unconscious on the sidewalk late Saturday night. He died on the way to the hospital.

ARE YOU A MASON?

## OPERA HOUSE

To say that a melodrama is by Hal Held is to guarantee its close kinship to perfection, and that "Cripple Creek" is no exception to the general rule. It is pure and sweet and true and stirring, in content, and all things desirable for a play. To the world weary it is infinitely refreshing in its bright spontaneity; to the sentimentally inclined the tender love story of Joe Maxwell and Belle Gordon, and its delicious touches of pathos will be most welcome; to those who care for laughter, it offers ample opportunity for the exercise of their ribbles; and to the worshippers of melodrama for its own sake, it gives satisfaction complete and entire. "At Cripple Creek" will be the attraction at Lowell Opera House, tonight for one performance only.

The success of Hal Held's "At Cripple Creek" and plays of similar character, has shown that the popular taste appreciates something more than vaudeville or the growing weakness of plays which rely upon a dazzling array of clever tricks. Mr. Held is regarded in many quarters as one of the leading dramatists of the day, and his success is hailed as the beginning of another development in melodrama from the normal path of view; clean, wholesome and pleasantly sentimental.

"At Cripple Creek" is a play dealing with the life in the famous mining camp in the early days. Its characters are said to be carefully drawn and true to life. It is in every sense an ideal of the Rocky Mountain, and deals with a phase of border life heretofore untouched by the dramatist.

## "ARE YOU A MASON?"

William Robert Daly, who appears in a leading role in "Are You a Mason?" will be seen here at the Opera House tomorrow evening, tells a story of one of the men of a Long Island farm. He has been keeping company for a long time with Sally Wilkins, the belle of the village. In fact this courtship had been going on so long that Sally's father thought that it was about time that he was consulted. So he made a point of his mind to speak to him. The next evening he called on him and said:

"Well, you've been getting on with Sally considerable. You've taken her to church, and played and bawled with her, and now you've got her into the house, and nothing's come of it. It ain't no way to treat a young girl's affections. Now I want to know your intentions, as man to man."

"I'll tell you as man to man, and there ain't no cause for you to ruffle your shirt. My intentions is honorable, and then after a long pause, 'But remember."

## "IT HAPPENED IN NORDLAND."

The attraction at the Opera House on Wednesday morning and night, Sept. 17 will be the Low Fields Theatre company, direct from the Low Fields Theatre, New York City, in the latest New York musical success, an operatic extravaganza in two acts with music by Victor Herbert and book by Glen MacDonough. "It Happened in Nordland" after a pretty, simple and suggestively dramatic opening, drifts into extravagant comedy and later emerges in the bizarre story of burlesque successfully accomplished. It is a "big" entertainment, richly and variously costumed, filled with a chorus of beautiful girls trained by the best chorus director in the country, punctuated with songs that are not cheap enough to be cheaply selected, but pretty enough to invite a second hearing, and spattered with comedy that is clear cut, clean and clever in dialogue as well as wholesomely free from vulgar suggestion.

The staging and costume were on a scale of magnificence never before equalled. In similar productions, the harmony of color shown in the ensemble being most beautiful and far exceeding anything ever presented by Julian Mitchell in any of his notable productions, not even excepting the "Wizard of Oz" or "Babes in Toyland."

The management announces that the original New York production will be given here complete in every detail

of regal magnificence, just as presented for over a year and a half at Low Fields Theatre to crowded houses at every performance.

## NANCY O'NEIL

Miss Nancy O'Neil, the distinguished American tragedienne, of world-wide celebrity, will be seen at Lowell Opera House in a tragedy and melodramatic production of "Elizabeth." This truly notable play is said to be one of the great productions of the season. The historical incidents of the period with which it deals are so connected and skillfully presented as to form a story of unending interest and artistic satisfaction. Miss O'Neil's performance of the role of Elizabeth, the queen of England, is a masterpiece of dramatic art. Her portrayal of the queen is a masterpiece of dramatic art. Her portrayal of the queen is a masterpiece of dramatic art.

Richard C. Daggett, whose regular occupation is the care of the horses, has made up a book for the elimination trials on September 22. Bookmaker Daggett's prices have to do only with the ability of the various American machines to win the contest by a majority of five cars to represent this country will be selected. He was laying the following prices yesterday against fourteen of the cars: Thomas (3 machines), even money; Pope-Toledo, \$5 to 1; Loconobile, \$3 to 1; Christie, \$3 to 1; Matheon, \$5 to 1; Apperson, 10 to 1; J. L. M., 10 to 1; and Haynes, 10 to 1. Harry S. Hout, who entered one of the three Thomas racers, under a wager of \$1,000 even yesterday that one of the Thomas trios will win the elimination trials. After the elimination trials have been run Daggett will make a book on the Vanderbilt cup contest.

Seven of the fifteen candidates for the five places on the American team in the Vanderbilt Cup race had their cars out on the Nassau county circuit yesterday morning. The official practice hours are between 6 and 7 o'clock, but none of the drivers ventured out yesterday morning until after 8 o'clock as a heavy fog hung over the course during the first hour set for practice. There was one minor mishap yesterday morning when Walter Christie's racer skidded off the road on the Manhusset hill and ran into a telegraph pole. The road surface was very slippery on account of the rain and because the oil which had been sprinkled there had not had sufficient time to soak into the roadbed. It is not likely that Mr. Christie will be kept from racing more than a day or two, as the racer was only slightly damaged. Mr. Christie and his mechanic were thrown out of the machine, but were not injured. All three Frayer-Miller racers were out yesterday morning for the first time.

Capt. Swift, the great Million Square man, who has been a success in the late music business, has long and which the lyrics were his most pronounced hit will be the offering of the Severin DeDeyn Stock company at the Academy of Music this week. No expense will be spared to give this notable play a fine production. The story deals with the experiences of the illustrious son of an English peeress who married later in life. The son who had been left by his mother with an old servant to raise, being thrown on his own resources, becomes a success in the music business, and the play is a story of his life as a musician, under the nom de plume of Capt. Swift. Many complications arise through his saying the life of his mother's husband, and he is invited to take up his residence under the same roof with his own mother without the knowledge of his relationship being known to him. The play is not of the melodramatic class, but of the high class society order and on a par with all of Mr. Frohman's early successes. Mr. Frohman will portray the character of "Capt. Swift," and Miss Curtis will be seen as his mother, Mrs. Eugenia Hayden, the popular leading lady, will be seen as Stella Darbishire in love with Capt. Swift. Miss Estelle, the charming ingenue, who has such a host of friends, will essay the role of Mabelle Seabrooke and Miss Radcliffe will play the part of a young girl, an English type. Mr. Arthur Buchanan, who will be remembered for his fine work at the Academy last season, will have the trying role of marshal, and that his many friends in the city will give him a royal welcome back is evidenced by the great demand for seats for this week. Mr. Hurt will have a supporting role in that of Mr. Gardiner, and the other male members are all cast well. The subscription houses are still taking on the names of Lowell's best class of theatre-goers, which goes to show that the people of the city are not slow to take advantage of the high class plays produced on a scale equalling that of any \$1.50 attraction on the road.

## HATHAWAY THEATRE

First on the week's brilliant program at Hathaway's comes the talented actor of character roles, Edmund Day, assisted by a talented company, presenting Mr. Day's comedy success, "The Sheriff." The scene is a small railroad station in Arizona, in charge of Pretty Polly Hope, a telegraph operator. She is betrothed to "Bud" Lane, the express messenger, and "Slim" Hoover, the sheriff, is also in love with her. The agent is freed, to make room for a younger relative of a company official, and to get square he steals \$5000 of the company's money, to enable him to buy a farm in Kentucky and marry his sweetheart. The sheriff proposes to the girl, and is kindly but firmly refused. He discovers his rival's crime, but out of generosity refrains from arresting him, and instead loans him \$1000 to help him toward securing the farm. Mr. Day makes an interesting and lovable character of the brawny western sheriff, and the act is brimful of bright lines. Pretty Polly, an attractive young woman, is a winsome Polly, and Mr. Watson is effective in the lover's part. Charley Harris, the famous "Lamp Post Inspector," is a comedian whose every moment on the stage is accompanied by laughter. His impersonation of the giddy old maid is one of the funniest comedy efforts ever presented. Constructed for laughing purposes only is C. Grant Gardner and Marie Stoddard's potpourri of merry nonsense. In it they introduce dancing, impersona-

tion, mimicry, vocal and instrumental music, all of the most popular brand. Miss Stoddard, who was formerly an actress in the legitimate, is a clever impersonator, and her imitations of social minutes of stage celebrities are an invariable and striking hit. Mr. Gardner is a skilled performer on the piano, cornet and Swiss bells, and both of them are gifted as comedians, good costuming enhances the effectiveness of the act. Good juggling is always a welcome feature in a vaudeville show, and the appearance of the Kratons will be welcomed, for they are finished exponents of the art of hoop-rolling and other difficult and interesting feats. The McDonald Sisters sing and dance well, and are added in gaining the good will of their audiences by an abundance of personal charm. Johnson, Davenport and Lorella are a jolly bunch of entertainers who, in the guise of "The Football Player" and "The Scamper," give an exceedingly diverting display of acrobatic comedy. Leonard Kane, "The dancing Adonis," gives an exhibition of dancing which is delightful in its ease, grace and skill. New Vitagraph views complete the show. There are daily matinees. Matinee prices are 10, 20 and 30 cents, and in the evening prevailing prices are 10, 20, 30 and 50 cents.

## AUTOMOBILE NEWS

Richard C. Daggett, whose regular occupation is the care of the horses, has made up a book for the elimination trials on September 22. Bookmaker Daggett's prices have to do only with the ability of the various American machines to win the contest by a majority of five cars to represent this country will be selected. He was laying the following prices yesterday against fourteen of the cars: Thomas (3 machines), even money; Pope-Toledo, \$5 to 1; Loconobile, \$3 to 1; Christie, \$3 to 1; Matheon, \$5 to 1; Apperson, 10 to 1; J. L. M., 10 to 1; and Haynes, 10 to 1. Harry S. Hout, who entered one of the three Thomas racers, under a wager of \$1,000 even yesterday that one of the Thomas trios will win the elimination trials. After the elimination trials have been run Daggett will make a book on the Vanderbilt cup contest.

Seven of the fifteen candidates for the five places on the American team in the Vanderbilt Cup race had their cars out on the Nassau county circuit yesterday morning. The official practice hours are between 6 and 7 o'clock, but none of the drivers ventured out yesterday morning until after 8 o'clock as a heavy fog hung over the course during the first hour set for practice. There was one minor mishap yesterday morning when Walter Christie's racer skidded off the road on the Manhusset hill and ran into a telegraph pole. The road surface was very slippery on account of the rain and because the oil which had been sprinkled there had not had sufficient time to soak into the roadbed. It is not likely that Mr. Christie will be kept from racing more than a day or two, as the racer was only slightly damaged. Mr. Christie and his mechanic were thrown out of the machine, but were not injured. All three Frayer-Miller racers were out yesterday morning for the first time.

Leo A. Frayer started first and Frank Lawwell was next with No. 2. F. H. Belden made his first appearance on the course as a driver when he drove No. 3 out after Lawwell had started. Frayer made one round in 43 1/2 minutes, but came to grief in his second round on a winding stretch of the course between Jericho and East Norwich when one of the wire-spoked wheels on his racer collapsed. Lawwell struck a rock at the roadside at Atherton's on his first round with one of his rear wheels, which collapsed entirely when the machine reached King's. Belden made one round of the circuit in 49 minutes. After the mishaps to Frayer's and Lawwell's racers the Frayer-Miller party decided to equip their racers with wooden-spoked artillery wheels and sent telegraphic orders to the factory for them.

Herbert H. Lytle covered the course once with the Pope-Toledo in forty minutes. Joe Tracy made two tremendous rounds of the circuit, a Miss Dudley of New York sitting in the mechanic's seat on the first round.

Tracy's mechanic, Alfred Poole, did not accompany him on the second round, other, one of the driver's men friends playing at being mechanic that time. John W. Haynes made one round of the course but did not make any effort for fast time. The Apperson racer was not driven around the circuit by Robertson, who contented himself with a little short distance practice on one of the side roads near the Williston estate, where his quarters are located. Keeler took his racer from Lakeville to his quarters at Westbury, where he will fix it up as soon as new parts arrive to replace those damaged in the accident on Wednesday. He has decided to replace the 34 inch wheel which was on the racer with 32 inch ones before he takes the machine out again. He had some hope of getting the car fixed so he could take it out

this morning, but was sure he would have it out tomorrow morning.

# PALMA FOR PEACE

## Cuban President Orders Hostilities Suspended

HAVANA, Sept. 17.—The government last evening was making final strenuous efforts to restore peace in Cuba and thus avoid any kind of American intervention. The object of these endeavors, it is stated, is that it may be able to say by the time Secretary of War Taft arrives that peace already has been secured and that therefore there is no need for the American government's intervention, either to restore peace or to insure permanent tranquility.

Members of the government said last night that they are making the efforts in accordance with the advice contained in President Roosevelt's letter, that they have no objection to the friendly assistance of the United States in the matter if it becomes necessary, but that they believe they can settle it between the government and the revolutionists without the necessity of any intervention.

At least, they say, they are making an attempt to accomplish this end unaided, and with fair prospects of success.

This is the latest phase of a rapidly changing situation that developed last afternoon, when an extraordinary gazette was issued containing this decree signed by Pres. Palma on the recommendation of Secretary of Public Works Montalvo.

"All campaign operations are suspended, and in consequence the government forces will not act on the defensive throughout the republic. The secretary of the interior will issue all necessary orders for the execution of this decree."

PEACE OVERTURES.

The decree caused great surprise, as it was believed to signify a change of heart by the government officials who, for the past two days have been strongly against taking up peace overtures with the emissaries of the revolutionists. It was learned that yesterday's action had its beginning in Gen. Menocal's renewed effort in visiting Secretary Montalvo and urging him to make the strongest possible endeavor to induce President Palma to comply with President Roosevelt's advice and avoid the consequences of intervention.

by requesting a truce and endeavoring to have the Cubans themselves come to an agreement.

Secretary Montalvo and Gen. Menocal first visited Jose Miguel Gomez, and others of the alleged conspirators in the prison and found them willing to cooperate in securing peace. The basis of peace was not discussed in any detail, but Secretary Montalvo returned to the palace and urged Pres. Palma to consider the matter. The president called a conference for yesterday afternoon, which was attended by the ministers, Vice Pres. Mendez Capote, Gen. Freyre Andrade and Senator Dolz. The result of this conference was the issuance of the decree suspending governmental campaign operations.

SEEKING REBELS.

After the decree was issued government emissaries were dispatched in automobiles to confer with the revolutionists. Gen. Menocal, accompanied by Congressman Gohin and Garcia Vela, youngest son of Gen. Calixto Garcia, drove in the direction where Alfredo Zayas was encamped with Castillo's forces, not far from Santiago de las Vegas, and others went to Guanajay, which place yesterday afternoon was occupied by a big band of revolutionists, under the command of Congressman Campos Marqueti.

The latter had Mayor Gallas and the 200 volunteers defending the town, who were in a cruel surrounded by a swarm of insurgents. The mayor up to last evening had defied Campos Marqueti, and was still holding out when the peace emissaries arrived. Meanwhile Campos Marqueti was threatening to blow up the canal with dynamite.

HURRY TO CUBA

SECRETARIES TAFT AND BACON START ON JOURNEY.

WASHINGTON, Sept. 17.—Sec. Taft and Asst. Sec. Bacon, accompanied by private secretaries and interpreters, left at 3:30 yesterday afternoon for Tampa, where a government vessel will meet them and take them to Havana.

Sec. Taft had little to say publicly in addition to what he said Saturday night. He made it plain enough that his first endeavor will be to bring about a truce so that both sides shall agree to a cessation of hostilities while he is trying to arrange a permanent peace.

He made it also plain that if a truce is agreed on that will be no recognition of having peace, the United States takes a loan. In a word, if the Cubans will not listen to reason and will not lead the present peace, but insist upon fighting, then they will have all the right they want because they will have to fight the United States.

Not will the Cubans be given a very long time in which to make up their minds. Sec. Taft will not try to rush them. He will permit them to have a reasonable time for deliberation. But once he is convinced that they have no intention of accepting the president's counsel, he will terminate his mission and the next move will be with the army and navy.

The outcome of Sec. Taft's mission, it is believed, is persons in Washington best qualified to form an opinion. Still he is the holder of a new election under the supervision of the United States. Even friends of Pres. Palma admit that the last election was a farce, and that there was enough fraud in connection with it to justify the assertion of the liberals that the vote by which Palma was declared elected did not represent an honest expression of opinion of a majority of the voters of Cuba.

REGISTRATION

ALL RECORDS BROKEN SATURDAY.

All registration records were broken Saturday, both for the day and for the week. Saturday 493 names were added to the list while during the four days, Wednesday, Thursday, Friday and Saturday 218 people appeared before the registrars and were given the privilege of voting at the primaries and elections.

The registration for the four days was as follows: Wednesday, 165; Thursday, 171; Friday, 197; Saturday, 294; total, 827.

The Saturday registration by wards was as follows: Ward one, 30; ward two, 87; ward three, 25; ward four, 33; ward five, 35; ward six, 54; ward seven, 27; ward eight, 17; ward nine, 51.

Taking the four days, the heaviest registration is in wards two, nine and six in the order named. Ward two leading ward nine by 35. In spite of the Tewksbury annex influx, which it would seem, increased the number of the ward nine proportion as it should be.

Here is the total for the four days by wards in the order of increase: Ward two, 193; ward nine, 164; ward six, 161; ward three, 80; ward four, 80; ward one, 76; ward five, 61; ward seven, 55; ward eight, 30. Grand total, 918.

FOUND IN WELL

BODY OF A MISSING MAN RECOVERED.

FORTSMOUTH, N. H., Sept. 17.—Peter Boucher, 34, a Frenchman employed as a teamster at Charles Merrill's brick yard at Elliott, was discovered dead in an unused well yesterday afternoon, by a little girl who saw Boucher's head sticking up out of the water. The body was drawn out and Coroner Dr. E. B. Shepley of Kittery called. The body had been in the water for 10 days, Boucher having been missing since Labor day. It is thought he walked into the well at night and was drowned.

A few years ago Boucher crawled into a kiln of brick that was being baked, to sleep, and two or three tons of brick fell over on him, disfiguring him for life.

LOSS IS \$1800

GOV. McLANE'S MANSION DAMAGED BY FIRE.

MILFORD, N. H., Sept. 17.—Gov. McLane's mansion was damaged by fire today to the extent of about \$1800. The fire originated, spontaneously, it is thought, in the western part of the building, and several rooms suffered from smoke and water.

The governor was present and personally directed the work of the firemen. His loss is covered by insurance.

The amount of the damage done was partly due to the delay on the part of the firemen in reaching the governor's house, the ringing of the church bells for morning service while the alarm was sounding confusing them.

FOREST FIRES

THREATENED TO DESTROY THE WEIRS.

THE WEIRS, N. H., Sept. 17.—Extensive fire and forest fires have prevailed in this section for the past 24 hours and several large tracts of land have already been burned over.

Yesterday a fire was burning for hours near this place and last night was not under control and it is feared that it will spread to nearby farm buildings. Yesterday afternoon 100 men were sent from Lakesport to assist the local firemen and section men, and last night additional gangs from Plymouth and Lakesport were ordered out.

There has been no rainfall for weeks and everything is dry as tinder. The fire now burning is supposed to have caught from a passing locomotive. Four alarms have been rung in at Lakesport during the past 24 hours for brush and field fires.

SOCIAL AND FRATERNAL

The Great Council of the Improved Order of Red Men closed its session at Niagara Falls Saturday and the reports show that the membership now is 450,000. The following great chiefs were raised: Great Inchohnee, W. A. S. Bird of Kansas; great senior Sagamore, Joseph Farrar of Pennsylvania; great prophet, John W. Cherry of Virginia; great chief of records, Wilson Brooks of Illinois; great keeper of Wampum, William Provin, Massachusetts.

The annual session of the Sovereign Grand Lodge, I. O. O. F., will be held at Toronto, Canada, this week. Among the representatives from Massachusetts are Past Grand Masters Henry E. Hughes and George H. Fuller, who took an active part in the consolidation of Highland and Veritas Lodges nearly a year and a half ago.

Commissioner O'Meara has set out to make Boston a spotless town. He has a big contract on his hand but has sufficient force at command to do what he proposes.

## BEWARE OF TITLED ARISTOCRATIC HUMBUGS.

The experience of Miss Blanche Jewett Weston of this city, in being deceived into a marriage by a bogus baron shows the foolishness on the part of any American girl chasing a foreign title. There is really more dignity attached to American citizenship than to any foreign title borne by a broken down gambler and spendthrift who comes here in quest of a fortune. Most of the so-called titled noblemen who come here in quest of American fortunes with the heiresses thrown in are the worst kind of aristocratic humbugs.

## THE PENALTY OF FAME.

Mrs. Longworth, the president's daughter, must be careful of how, where and when she appears in public. A crowd of 10,000 people at the unveiling of the McKinley statue where she took part in the ceremony actually made fools of themselves in their frenzy to see her. The extraordinary excess had to be postponed and it was fortunate that no one was killed. Mrs. Longworth should have mounted a platform and calmed the tumult by calling upon the crowd to cease the disturbance. The former Miss Roosevelt can now realize the penalty of fame.

## THE CUBAN SITUATION.

The letter of President Roosevelt addressed to the people of Cuba is timely and to the point. The treaty between this country and Cuba provides under the Platt amendment that the United States shall intervene if necessary to protect life and property as well as individual liberty in Cuba. Under the assumed stability afforded by this clause, vast American and foreign investments have been made in Cuban industries and now a band of dissident leaders has decided to start an insurrection, the object of which is the destruction of property, the forcible seizure of the government of the island regardless of the rights of citizens or of Americans now residing in the island.

Since the obligation rests upon the United States it may as well be met now as later and President Roosevelt has taken steps to bring about peace as quickly as possible.

In addition to his own personal appeal to the patriotism of the people the president sends Secretary Taft and Assistant Secretary Bacon to Cuba to investigate the situation and see what is the best course to be followed in settling the present trouble. The president is not desirous of using armed force but if nothing else will do he will use it and use it effectively.

There must be peace in Cuba and what the conditions of peace may be will probably be determined by Secretary Taft's report. He has the diplomatic skill necessary and he has the prestige of an army and navy behind him so that his efforts are likely to be successful. The next few days will shed a new light on the situation.

## PORTLAND'S ILL TREATMENT OF AMERICAN SAILORS.

The city of Portland, Me., had a most narrow escape from destruction when it aroused the ire of Fighting Bob Evans by brutal treatment of its sailors.

Admiral Evans has reported the matter to Secretary Bonaparte with the recommendation that the ships of the navy heretofore refuse to call at Portland or any other port where the people cannot accord the sailors decent treatment.

It seems that the police of Portland got into a melee with the sailors and drove them around like cattle, refusing to let them stand on street corners or gather in groups at any point. In enforcing these orders the police clubbed the sailors, knocked them down, kicked them and then threatened to shoot them.

The sailors bought tickets to a skating rink at Peak's Island, but were refused seats because they wore the sailor's uniform.

This seems to have been a serious blunder. Why there should be any prejudice against the uniform of an American sailor is more than we can understand. Certainly the average sailor in point of gentlemanly conduct will compare with the average habitue of the skating rink at Peak's Island or anywhere else. What surprises us is that the sailors did not show their usual fighting proclivities, for if the reports be true, they would have been fully justified in so doing. The mayor of Portland has made apologies for the conduct of the police and says that if the sailors return they will be treated with all the respect that is due them.

## FOSS SHOWS UP DRAPER.

Eugene N. Foss is the sole apostle of tariff revision in the republican party of Massachusetts. He has been preaching the doctrine for years and is still at it. Just at present he is in controversy with Col. Clarke and the other hardshell republicans who say that Governor Guild will be nominated on a standpat platform approved by the Home Market club.

Mr. Foss discussed the governor's attitude on the tariff and expressed the opinion that the governor is not the man to swallow his own words, forget his pledge to the people in the last campaign and reverse his policy on the tariff at a time when it is more imperative than ever to move towards judicious revision of the oppressive tariff and a measure of reciprocity so necessary to the prosperity of New England.

Mr. Foss as candidate for lieutenant-governor against Draper attacks the attitude of his opponent and shows from financial statements why Draper has a personal interest in maintaining the present tariff. Referring to the matter of the capitalization of the Draper company, which is \$2,000,000 of preferred stock and \$5,000,000 of common stock, Mr. Foss said: "I note that one item in their assets is \$3,500,000 for patents. I think this is the largest amount for patent rights that I ever saw incorporated in a financial statement."

"Notwithstanding this large capitalization of intangible assets, they have earned, according to their own statement, in excess of 21 per cent. on their common stock of \$5,000,000 for the past five years."

This is but one of many instances that might be quoted to show the vast income of corporations that are the beneficiaries of the tariff extensions, favored by the republican party. This party is so closely identified with the trusts and combines and so dependent upon them for financial support that it will strenuously fight against revision in spite of the most unanswerable arguments in its favor.

## GEN'L BARTLETT

May be Candidate

Against Moran

BOSTON, Sept. 17.—Gen. Charles W. Bartlett, who arrived in Boston on the White Star steamship Cymele yesterday after a six weeks tour of England and Ireland, declined absolutely to say whether, under any circumstances, he might be counted on by the conservative forces of the Democratic party in Massachusetts to be their leader in the coming campaign. "I don't know the first thing about the situation," he said with a puzzled smile and an air of innocent indifference when questioned as to his possible candidacy. "I haven't heard a word since I left, and I really couldn't say whether I would accept or decline the nomination for governor if it were offered me by the Democratic state convention."

It is pretty well understood that Gen. Bartlett would not consent to enter the fight as a candidate for the nomination against John F. Moran at this late hour, but there is a strong impression among the well informed that if he were the choice of the state convention, and this impression was by no means weakened by the non-committal attitude he chose to assume yesterday.

The real significance of the general's refusal to make a definite statement lies in the fact that he was one of the first to be canvassed and eliminated by the party leaders in the early stages of the campaign. At that time he declared that he did not desire to be a candidate for governor again, one experience in that line being quite sufficient for him. A letter to Justice him to reconsider was fruitless. He strongly recommended the selection of ex-Governor Douglas or Henry M. Whitney, declaring his belief that either of these men could not only defeat Moran for the nomination, but also give credit for the election. He was then eliminated by the party leaders, and his name did not again come up until Congressman Sullivan and Chairman Quincy began to talk of a "dark horse" as a possible solution of the problem of defeating the Suffolk district attorney.

## CHECKS FOUND

WERE MADE OUT TO WEALTHY PHILADELPHIAN.

PHILADELPHIA, Sept. 17.—Two checks, one for \$25,000 and the other for \$50,000, drawn to the order of Joseph H. Walworth, a wealthy retired merchant, and endorsed by him, have been found among the papers of the defunct Real Estate Trust company, which collapsed two weeks ago. Recognition of the checks in the course of his investigation of the wrecked institution, discovered a number of bonds of the Standard Iron, Mining and Furnace company, one of Adolf Segal's many enterprises, deposited as collateral for a loan of \$25,000 made to Mr. Walworth. Also among the securities was a memorandum of President Hipple stating that he had taken the original note for removal. Mr. Walworth immediately called the loan but could not find Mr. Walworth. He then received a cent of the money. The transaction, Mr. Walworth told, involved an underwriting scheme and that Hipple handled the money. It was admitted, however, that Mr. Walworth was not to receive a bonus. Further investigation brought to light the checks endorsed by Mr. Walworth and it was learned also that they had deposited with the trust company of North America to his credit and that Mr. Walworth declined to pay the loan and Mr. Walworth engaged District Attorney Bell as private counsel to bring suit for the recovery of the amount.

## A. O. H. TROUBLE

ARCHBISHOP EARLEY WAS NOT APPOINTED CHAIRMAN.

NEW YORK, Sept. 17.—Trouble has been brewing in the Ancient Order of Hibernians of New York since the national convention at Saratoga in July, when the Clan-Na-Gael faction elected the Cummings of Boston as president and Mr. Cummings appointed Fr. Kennedy to the chairmanship in place of Archbishop Earley, and failed to notify either the archbishop or his friends of his intention.

As a result, Mrs. Charles McCreedy, secretary of the Church of the Holy Cross, has resigned from the county chaplaincy and the board of trustees of the new \$200,000 Hibernian hall to be erected in this city.

It is asserted that, unless satisfactory apologies are made, the order in this

## FOUND DEAD

ROTHERMEL'S BROTHER COMMITTED SUICIDE A FEW DAYS AGO.

PHILADELPHIA, Sept. 17.—Frederick L. Rothermel, a partner and elder brother of Wm. G. Rothermel, the investment bond broker who committed suicide six weeks ago by taking cyanide of potassium at a time when his financial affairs were at a crisis, was found dead at his home yesterday. The circumstances were similar to those surrounding his brother's death and the coroner has ordered an investigation. Rothermel was apparently in good health when he retired Saturday night.

## AMATEUR BASEBALL.

In a game of heavy hitting the Dragons put it all over the South Saturday afternoon on the South common. The score at the end of the seventh inning was 18 to 2 in the Dragons' favor, but the South team braced up to the last two innings and added 11 runs to their total.

The final score was 18 to 12. Five of the victors made a home run in the seventh inning which was the longest made on the grounds this season.

Hitters: For Dragons, Rogers and Reynolds.  
For South Ends, McCarthy and Reynolds.

Lowell 5 defeated the Middlesex nine at Arcadium grounds, Saturday afternoon, by the score of 10 to 4. The following is the score by innings:

Lowell 5 ... 1 0 0 0 0 6 1 2-10-13  
Middlesex 0 ... 0 0 0 0 0 1 0-4-5

Batteries: Lowell 5, Mullen, McManus and Shepard; Middlesex, Stevens and G. Thompson. Umpire—Morgan. Time—1:30.

Next Saturday, Lowell 5 vs. Middlesex at Middlesex.  
Saturday, Sept. 23, at the Arcadium grounds, Lowell 5 and the Elms will cross bats.

The Mysteries defeated the Centralville Blues by the score of 15 to 7 Saturday afternoon.

The Hillslides went to Nashua and defeated the strong West Ends of Nashua by a score of 11 to 2. The feature of the game was the pitching of Farley of the Hillslides. He had 16 strike outs to his credit.

SCIENCE LOSES TIDD.  
BERKELEY, Cal., Sept. 17.—"I would prepare the finest kind of a dinner for him, but he would just murder me, eat it, and yawn, and declare he couldn't eat a bite," said Mrs. E. M. Tidd Saturday in explaining why she had insisted that her husband quit his job as a food experimenter in the nutrition department of the University of California.

"My husband spent his days nibbling at indigestible things and sipping coffee, till he became ill and when he reached home he wasn't good table company. So I persuaded him to resign. Lately he's discovered I'm a good cook."

HONOLULU, Sept. 17.—A message received from Capt. Porter of the steamship Mongolia states that the vessel on the rocks and was in a bad position. The passengers have been safely landed on Midway Island. It is thought that steamers will be hurried from this port with supplies and tackle, unless the Mongolia is quickly floated. They will also bring away her passengers. Midway Island is utterly lacking in accommodation for so many people and much hardship may result.

WOMAN'S BODY FOUND IN A STATEROOM.

FALL RIVER, Sept. 17.—A young woman was found dead in her berth in a stateroom of the Fall River line steamer, Priscilla, yesterday morning. According to the purser's report, she bought a room in New York Saturday giving her name as M. Rawlins, and beyond this nothing is known of her. She had \$68.50 sewed to her underclothing and a check numbered 1066, issued by the Remington Typewriter company of 327 Broadway, New York, evidently for a typewriter left there for repairs. She also had a ticket from New York to Boston.

## BRYAN ON CUBA MAGNETIC POLE

United States Should Not Interfere

ROANOKE, Va., Sept. 17.—Wm. Jennings Bryan last night gave the first expression he has made on the present Cuban situation. When seen in his car just before he left for Lynchburg by the representative of the Associated Press and asked if he would say anything about the situation in Cuba and whether in his opinion the United States should intervene, Mr. Bryan dictated the following statement:

"I am very glad the administration recalled the troops landed at Havana. While we should do all in our power to bring about peace by offering the offices of our country, we have no business interfering with their local affairs. They must settle the disputes among themselves, but I would be glad if both parties would be willing to accept mediation with the idea of bringing about an agreement through the good offices of our government."

Mr. Bryan pointed out that this expression was the first he has made on the present situation in the island and this was all he cared to say.

LONGSHOREMEN

REPUDIATE DECISION OF BOARD OF ARBITRATION.

BOSTON, Sept. 17.—The longshoremen of this city yesterday repudiated a decision of a board of arbitration relative to a settlement of the strike at the Metropolitan Steamship company's wharf. At a meeting last night the longshoremen's trade council also repudiated the decision.

The union men declare that the decision of the board is biased and it was voted that all the strikers should return to work or none. The action of the longshoremen caused considerable surprise among the labor men for it was understood that the decision of the board made public Friday night declaring that the Metropolitan strike was contrary to union principles would be accepted by the union and employers, both parties having been represented on the board.

A special meeting of the executive board of the district assembly 50 is called for tonight to consider the situation.
